

# OUTBREAKS OCCUR IN HARLAN

## RULERS OF BRITISH EMPIRE BEGIN TOUR CANADA THURSDAY

### QUEBEC ROUSING WELCOME AUSPICIOUS START FOR CROSS-COUNTRY TRIP

By FRANK H. KING  
MONTREAL, May 18.—(P)—Canada's greatest city, her population of 1,000,000 doubled for the day, today welcomed King George VI and Queen Elizabeth with color and tumult for an eight-hour stay.

Downtown Montreal was packed with people; buildings were decorated from sidewalk to topmost flagpoles.

Residential and suburban districts along a 25-mile route of an afternoon drive joined in the cheering, flagwaving and general acclaim.

The royal special train, their palace on wheels, pulled into Jean Talon station at 12:15 C.S.T., ending the first day's train journey of the 36,000-mile tour of Canada and the United States. They left Quebec this morning.

Montreal's welcome was the climax of acclamations by villagers and towns along the way from Quebec. The only stop was for 17 minutes at historic Three Rivers, where 50,000 people jammed the station vicinity to wish their mayor and local councillors presented to the king and queen.

ABOARD THE ROYAL PILOT TRAIN AT THREE RIVERS, Que. May 18.—(P)—King George VI and Queen Elizabeth saw Canadian country for the first time through the Valley of the St. Lawrence today as the royal train bore them west beyond the hills of Quebec.

At every village station school children and townspeople frantically waved British Canadian and French flags and sang songs of welcome. Along the roads from early morning French-Canadian habitants plodded with old-fashioned horse and buggy transport to reach the railway.

Between towns, country folk, some dressed brightly in their Sunday best, trudged across fields to wave to the gleaming royal entourage, the like of which they had never seen.

To the south, the King and Queen saw the wide St. Lawrence glistening in the sunshine and from either side of their observation car the strip fields peculiar to French-Canadian agriculture.

See KING AND QUEEN, Page 8.

## JEWS DEMONSTRATE AGAINST PALESTINE PLANS OF BRITAIN

### PROTEST DECISION FOR INDEPENDENT PALESTINE UNDER ARAB CONTROL

JERUSALEM, May 18.—(P)—Jews of all ages, estimated by their leaders at 175,000 strong, marched and shouted in demonstrations throughout Palestine today, protesting against the British government's decision to establish an independent Palestine under Arab control.

Up to noon the demonstrations were free of disorder such as a clash last night at Tel Aviv in which 25 persons were injured.

Jews said 40,000 persons took part in the Jerusalem demonstration, a similar number at Haifa, an even larger throng at Tel Aviv, and additional thousands in agricultural settlements.

In Jerusalem, the demonstrators formed a procession, eight abreast, behind the chief rabbi and marched to an open space in the Jewish quarter. The parade was one mile long.

Rabbi Isaac Herzog, chief rabbi of Palestine, read a declaration of protest, and the demonstrators sang and shouted slogans of protest of carried placards.

Earlier in this Holy City, younger Jews gathered in the main streets, booing British and Arab passersby.

Few Arabs appeared and all non-Jewish traffic was diverted.

See PALESTINE, Page 2.

## Local Merchants Planning Series Tradesdays Soon

A co-operative plan for staging a series of tradesdays in Corsicana for a period of a minimum of six months and perhaps a year's duration was discussed today by a representative group of Corsicana merchants by members of the Trade Extension Committee of the Corsicana Chamber of Commerce.

The plan was approved by those present at the meeting and a sub-committee to work out all the necessary details and submit it to the individual merchants was appointed.

B. C. McDonald, chairman of the extension committee, presided at the session and R. W. Knight told those present that concerted efforts and cooperation would make the present trade volume, and more would be needed to increase the present amount.

W. H. Smith presented the plan which calls for a combination of a tabloid section in newspapers and as circulars. The sub-committee was authorized to complete the details of the plan and submit it to another meeting of the entire group.

Under the plan, special bargain days at intervals of a month would be staged by Corsicana merchants, with special inducements and entertainment features to be advertised by the special tabloid section issued in advance of the date.

Initial plans call for an eight-page tabloid section in which every merchant would make special inducements to increase his volume of business.

Balloon Chief Dead  
WASHINGTON, May 18.—(P)—Col. Charles DeForest Chandler, 60, chief of the balloon section of the Army Air Service in France during the World War, died last night.

## Relatives Fear Chicago Aviator Is Lost at Sea

CHICAGO, May 18.—(P)—Relatives on both sides of the Atlantic virtually abandoned hope today for safety of Charles Backman, Chicago aviator long overdue in an attempted solo flight from Newfoundland to Stockholm.

The 34-year-old flier has been unreported since his takeoff early Tuesday. Backman's small, 90 horsepower monoplane carried sufficient fuel for a 45-hour flight. He had figured making the crossing in 29 hours.

Backman's brothers, Andrew and Curt, of Chicago, said they had lost hope for his safe arrival. In Sweden another brother expressed fear he had been forced down at sea. Backman's craft carried no radio.

Letitia Lentz, 20, the flier's sweetheart, indicated that she also had abandoned hope.

## FLYING REFINERY UNITS FOR MILITARY AND COMMERCIAL AIR UNITS TO SOLVE FUEL SAFETY

NEW ORLEANS, May 18.—(P)—Flying refinery units on military and commercial aircraft were suggested today at the American Petroleum Institute. The paper was prepared by S. D. Heron and Harold A. Beatty, of Detroit, Mich.

A great deal of attention has been given to the fuel safety requirements of aircraft, the authors stated, "and engines are now operating on such fuels as kerosene, oil and other products of equal flash point. They are not satisfactory, however, in spite of their greater safety, because of their potential failure under take-off or high load conditions."

Heron and Beatty then advanced the idea an electrically heated "cracking" unit would liberate either safety fuel or engine lubricating oil into a fixed gas.

"Even though such a unit were of considerable size and weight," the paper said, "it still would probably be lighter than special

## BRITISH ROYALTY BEGIN LONG SERIES OF CEREMONIALS

Soon after landing from the Steamship Empress of Australia at Old Quebec, Wednesday morning, King George VI and Queen Elizabeth of Great Britain and of the Dominions Beyond the Seas began the formal ceremonies that will attend the journey across Canada and the United States. Depicted here a woman bows to the king and an unidentified man bows before the queen. Prime Minister W. L. McKenzie-King of Canada is the man at the left between the king and the woman, and the man at the extreme right is Ernest LaPointe, Canada's Minister of Justice. (Associated Press Photo)

## COMMISSIONERS AND DISTRICT ATTORNEY FAIL IN AGREEMENT

### COLLECTION OF DELINQUENT TAXES HOLDS ATTENTION OF OFFICIALS

Navarro county commissioners court Thursday morning in recessed session authorized Paul H. Miller, county judge, to give Charles T. Banister, criminal district attorney, a 30-day written notice about waiving his rights to the collection of delinquent taxes. The motion was made by Commissioner C. M. Fitzgerald, and was seconded by Commissioner J. N. George. All commissioners voted for the measure.

This action was taken following a series of conferences between the court and Banister and Seaton Holsey, assistant criminal district attorney. Banister and Holsey have contended that with extra assistants and helpers, delinquent taxes can be collected from the criminal district attorneys office, while the commissioners have a different view and desire to award a contract on a percentage basis for the collection of the delinquencies.

Exchange Views  
Thursday morning, Judge Miller advised Banister during the conference that the court questioned whether it had the financial ability to meet the proposal for his hiring of additional assistants to carry on the work. "Since the state is helped in the profits, feel like the state should assist. The court rejects the offer and asks you co-operation to put over a contract where the county will not have the burden alone," Judge Miller continued, referring to the proposal of Wednesday whereby A. M. Greathouse would be employed on a salary basis.

Banister stated that "It is my opinion that the salary basis will cost the county less than the contract way even if the state pays part of it...The county will pay more money in the contract way than on a permanent salary basis. It is my idea to save the county money."

Banister said the comptroller had advised him (Banister) that there is no "tax-claim" rule about the better plan, salary or percentage, and in some instances one was better than the other, depending on the person or persons in charge.

Tells of Cost  
The criminal district attorney said that under the salary basis he figured it will cost the county.

See COMMISSIONERS, Page 2.

## EFFORTS TO PROVIDE COTTAGES AT STATE TUBERCULAR PLANT

### HOUSE FAILS TO PROVIDE HALF MILLION \$2,500,000 PROPOSITION

AUSTIN, May 18.—(P)—A strong effort to authorize a possible \$2,500,000 cottage construction project at the state tuberculosis sanatorium near San Angelo failed in the house today by four votes.

The proposal, offered by Rep. Abe Mays of Atlanta, would have provided a \$500,000 state appropriation for cottages for tuberculosis sufferers. Mays voiced the opinion the federal WPA would furnish an additional \$2,000,000.

The proposition was sent up as an amendment to the departmental appropriations bill, on which the house had been working most of the time since last Friday. Opponents said the state should not embark on any such venture without giving it thorough study.

Mays said the cottage would accommodate tuberculosis patients who cannot get into the sanatorium because there is no room for them and cannot afford a private hospital. He contended they would rent for about \$7.50 a month, the patient would furnish his own attendant and would be given free medical service by sanatorium doctors.

Rep. E. H. Thornton of Galveston, giving out of the amendment, said he sympathized with Mays' aim but any such appropriation should be considered by committee and be inserted in the departmental bill.

The end of floor work on the 308-page departmental measure was not yet in sight. The house spent virtually the entire morning considering numerous proposed appropriations increases to the committee.

See DEFENSE, Page 2.

## German-American Bund Head Held Tax Delinquencies

NEW YORK, May 18.—(P)—A report accusing Fritz Kuhn, president of the German-American Bund, and seven business associates of 40 violations of city relief tax laws, was turned over to District Attorney Thomas E. Dewey today.

Mayor LaGuardia sent it to the prosecutor for "such prosecutive action x x x as you may deem proper."

Conviction on the offenses listed, all misdemeanors, would carry a maximum punishment of six years in prison and \$5,000 in fines.

Four corporations connected with activities of the Bund also were accused of tax delinquencies. The report was prepared by William D. Herlands, commissioner of investigation, after a lengthy inquiry into Bund affairs.

The report charged Kuhn, his associates, and the corporations with six types of misdemeanor—filing fraudulent tax returns, failing to file sales tax returns, failing to keep records to compute a sales tax, failing to file business tax returns and failing to file personal property tax returns.

Recommending immediate action, Herlands said his inquiry had been "greatly interfered with and obstructed by the failure of Kuhn and other Bund officials to produce membership lists and a number of other records."

## CONGRESS ECONOMY ADVOCATES RIDING HIGH ON THURSDAY

### BOTH SENATE AND HOUSE REDUCES COSTS BY CUTTING OUT PROJECTS

WASHINGTON, May 18.—(P)—Congressional economy advocates were riding high today after the senate defeated the \$200,000,000 Florida canal project and the house tentatively cut nearly a third from a \$120,000,000 bill for river and harbor improvements.

There were cloakroom reports Vice President Garner had a hand in the fight against the Florida waterway, a proposal which bore approval of President Roosevelt, and the war and navy departments.

It lost late yesterday by a vote of 36 to 46.

Despite this setback, the outlook for eventual authorization of the 105-mile canal across northern Florida from the Atlantic to the Gulf of Mexico was declared good by its sponsors. Rep. Green (D-Fla.) said he would try to get house action at this session.

Economy was a major argument of senate opponents of the project. Senator Adams (D-Colo.) called it an "unsound and extravagant expenditure," and Senator Twining (D-Iowa) declared the time had come to stop heavy federal spending.

Supporters argued that since \$5,400,000 of relief money had been allocated for preliminary work on the canal in 1935, authority should be given to complete it.

Just as senate republicans were active against the canal bill, the minority party in the house led the fight yesterday to reduce the river and harbor appropriations. With few democrats present, the house struck out a \$23,700,000 item for the proposed Umatilla dam on the Columbia river in Oregon and Washington and a \$12,900,000 authorization for a waterway connection.

See CONGRESS, Page 2.

## Union Official Jailed Again On Contempt Charge

HOUSTON, May 18.—(P)—Jailed for the second time in three days, Harry Alexander of New York, custodian of National Maritime Union records here, today hoped the court of criminal appeals at Austin would set him free.

Alexander was fined \$100 and ordered held in jail "until he purges himself of contempt" when he refused to give the grand jury a list of union pickets in the tanker strike.

The seaman said he was unable to produce the list because the union membership had voted against releasing them.

Three grand jurors testified the jury was probing three beatings here and the list of names was material to the investigation.

Arthur Mandell, attorney for the C. I. O. union, said he would present a writ of habeas corpus in the Alexander case before the appellate court.

The grand jury was in recess today.

Striking union pickets quietly walked their beats.

The American Can Company, where a strike was called yesterday, announced construction of a \$120,000 warehouse had been abandoned because of the strike.

## SENATE PASSED BIG NAVAL SUPPLY BILL; GOES BACK TO HOUSE

### OVER THREE-QUARTERS OF BILLION DOLLARS CARRIED IN PEACE-TIME BILL

WASHINGTON, May 18.—(P)—The senate passed today the record peace-time naval appropriations of \$773,049,151.

The vote was announced at 61 to 14.

The measure carries \$207,293,000 for 23 new warships and \$47,898,000 for the purchase of 500 new fighting planes.

It now goes back to the house for action on senate amendments. One of these estimates a \$500,000 allotment toward the construction of dirigibles.

The naval measure, as passed by the senate, carried \$149,522,000 more than last year's appropriation but \$371,000 less than the amount approved by the house.

Under the measure, the navy would have funds for building two new 45,000-ton battleships, two cruisers, eight destroyers, eight submarines, two small seaplane tenders and one repair ship.

One provision of the measure prohibits navy purchases of foreign goods when similar products can be procured "as and when needed" in this country.

The provisions, supported by Western senators, bans future purchases of Argentine beef. The navy, with President Roosevelt's approval, recently contracted to buy 48,000 pounds of Argentine canned corned beef. This purchase will not be affected because it will be paid for out of money already on hand.

Senators Borah of Idaho and Vandenberg of Michigan led a republican assault on an appropriation in the bill for construction of two 45,000-ton battleships.

Vandenberg challenged democratic leaders to disclose definite information indicating any other major naval power was building superior navy purchases of this size.

"My opinion is," said Senator Borah, "that when the facts are known, it will be found that Japan is not building 45,000 ton ships and that this program was started by Great Britain with the knowledge of this government. I think the actual facts should be ascertained."

WASHINGTON, May 18.—(P)—A congressional drive to alter the See LEGISLATURE, Page 8.

## Drenching Rains Followed Storm Fatal to Woman

By The Associated Press.  
Drenching rains fell in East Texas as Wednesday night and Thursday topped by nearly two inches at Huntsville following storms in Central Texas which killed one person and injured at least five others. Homes and communications lines were damaged, and hail hammered growing crops in some parts of the state.

Continued rains at Marlin, in the vicinity of the storm area, brought the week's total to 5.23 inches. The Longview region was drenched by another heavy rain that brought the total for two days to 4.18 inches. Small streams were flooded and crops were damaged slightly.

Palestine had 1.93 inches, Kaufman 1.18; Livingston 1.24; Nacogdoches 1.44; Bronson 1.12. Austin had 1.5 Wednesday night and more.

See WEATHER, Page 2.

## VITAL INTERESTS OF NATION THREATENED, HULL TELLS CONGRESS

### SECRETARY OF STATE TESTIFIED BEFORE HOUSE APPROPRIATIONS COMMITTEE

WASHINGTON, May 18.—(P)—Secretary Hull told congress today this country's vital interests "are being threatened in an increasing number of places and to an increasingly alarming degree."

Hull testified before a house appropriations subcommittee during hearings on the annual supply law for the state, justice and commerce departments. Based on the subcommittee's findings, the full committee recommended \$121,399,120 to run the three departments during the year starting July 1.

A transcript of the subcommittee testimony was made public when the bill was presented to the house.

"Situations which a few years ago we would have considered as incredible and as impossible of existing in our relations with other states," Hull testified, "are with us today as a reality and have to be dealt with in the most concrete fashion every day."

Asserting the burden on the state department was increasing, Hull added:

"The conditions which we have to face in the world today are much worse than those which confronted us when I was last before you. I did not mislead you then and I am now equally earnest when I say that the responsibilities of this department will greatly increase during the coming year."

See APPROPRIATIONS, Page 2.

## 'KISS OF DEATH' WOMAN IN POISON RING IS ARRESTED

### ROSE CARINA NAMED AS ONE OF THE PRINCIPALS IN BIZARRE CRIME DRAMA

NEW YORK, May 18.—(P)—The elusive "kiss of death" woman, Mrs. Rose Carina, known to her husband as "Rose of Death," was arrested today by federal agents in connection with the Philadelphia investigation into a mass murder syndicate.

Philadelphia authorities have named her one of the principal actors in the bizarre crime drama. Police Captain James Kelly of Philadelphia described her as a "professional widow" used by the ring to trap prospective victims. She is wanted, he said, on a warrant charging conspiracy.

Dwight Brantley, head agent in charge, said the woman was taken into custody early today and would be removed to Philadelphia later. He declined to disclose details of the arrest or where she was found.

Rose Carina was five times a wife and three times a widow. Various persons questioned by Philadelphia authorities in connection with the case have described her as "Rose of Death" and the "Kiss of Death Woman."

Twelve widows linked with the ring already are in custody. Some 50 deaths have been attributed to the "murder-for-insurance" conspirators and authorities conceded there might be many more, as almost unbelievable new rumors were floating.

See MURDER RING, Page 2.

## REV. J. FRANK NORRIS PLANS NEW OFFENSIVE AGAINST FOES SOUTHERN BAPTIST CONVENTION

OKLAHOMA CITY, May 18.—(P)—The Rev. J. Frank Norris of Fort Worth and Detroit planned a new offensive today against his foes in the Southern Baptist convention with a demand they purge themselves of what he called "communistic" elements.

The militant pastor boiled over at the convention had become "a modernistic machine that tries to tell Baptist pastors what they can preach."

Today he proposed to go to the floor with a resolution asking the Baptist reform mission board to sever connections with the Federal Council of Churches and with the Shanghai Baptist College which he criticized as "modernistic and communistic."

He pledged himself to "open war" against convention leaders if the resolutions were killed.

Norris' resolution mentioned "sinister propaganda" which would "hurl this country into world war" and declared President Roosevelt was "meddling" in European affairs.

It asked congress to remain in session throughout the year to prevent the President from "usurping power" and throwing the nation into war.

The white-haired Norris, a Fundamentalist advocate of old-time religion, commutes by airplane between his churches in Fort Worth and Detroit.

Antonio, told the delegates from 18 Southern states last night "it is not so much that we've gone off the gold standard as we have gone off the God standard."

Dr. Charles E. Maddy, Richmond, Va., executive secretary of the foreign mission board, declared the world was verging on a new era of religious paganism, with nationalism in Germany and Italy and imperialism in Japan opposed to Christianity.

Unification Criticized  
Any unification movement which would "sacrifice" Baptist ideals was criticized in an address by L. R. Scarborough, Fort Worth, president of the Southern Baptist Convention. He said he rejoiced that Christians over the world are drawing closer together, but warned against "compromise on the basis of false ideas and principles."

See NORRIS, Page 2.

## TENSE SITUATION CONTINUES IN SOFT COAL STRIKE AREA

### TWO GUNFIRE OUTBREAKS THURSDAY BUT NO CASUALTIES REPORTED

HARLAN, Ky., May 18.—(P)—Two outbreaks of gunfire, one between state troops and an ambushed group with no casualties marked increasing tenseness today in the Harlan county soft coal field labor strike.

C. V. Bennett, operator of the Harlan Central Coal company at Totz, reported "snipers" in the mountains fired about ten shots at men returning to work. Bennett said the troops on duty did not answer the fusillade. The mine suspended operations temporarily.

Brigadier General Elmer Carter, commanding the national guard troops in the county, said 43 miners from Totz appealed to him for protection against union pickets.

The general told the group they would be given "full protection."

General Carter said he would make a "thorough investigation" of the shooting, after receiving a report to this effect:

A group of six miners ascending by cable car to the pit head of Highsplit mine No. 2, approximately 20 miles northeast of here, were fired upon about 5:30 a.m. from a wooded hillside.

Four guardsmen station at the mine fired into the woods. Their shots were returned and several rounds were exchanged before the militiamen rushed the hillside.

The troopers reported they found only a quantity of empty buckshot shells in the woods.

HARLAN, May 18.—(P)—The full strength of the Kentucky national guard—2,800 men—was ready today for duty in Harlan county's soft coal fields.

Brigadier General Elmer Carter, placed in full charge of military activities here, in announcing troops were being held in readiness, said:

"The situation will be handled if it takes all the national guard in Kentucky."

Previously, the general had declared the troops "are under orders to shoot and to shoot to kill if necessary."

Tensions increased along picket lines at the mines and where militiamen were held.

See HARLAN, Page 8.

## Three Youths Are Killed In Crash At Underpass

WEATHERFORD, May 18.—(P)—Three youths were killed and a third critically injured today when two automobiles travelling in the same direction collided at a railroad underpass between here and Mineral Wells.

The dead, all of Weatherford: Cleo Walter Medford, 18, neck broken; J. P. Hill, Jr., 16, head crushed; Charles Dudley, 20, body crushed.

Most seriously injured was Eugene Richards, Weatherford High school student, who was injured internally. David Mercer, Jr., was slightly injured.

Investigators were told the two automobiles hit when the leading car skidded on wet pavement and turned broadside to the other.

# SCHEDULE OF STATE HIGH SCHOOL BASEBALL TOURNAMENT ANNOUNCED

DALLAS, May 18.—(P)—Seven teams that will compete in the second annual state high school baseball tournament here next week have been determined and the other two will be known tomorrow.

Withharral won the West Texas championship last night by defeating Cooper 11-9 after Cooper had taken out Southland 10-4. Cooper was in last year's tournament here.

Maypearl, Austin, San Augustine, Pharr-San Juan-Alamo, Hondo and Adamson (Dallas) are other district champions.

Tomorrow McKinley plays Fullbright for the Northeast Texas title and Highland Park clashes with Wilmer-Hutchins for the Dallas County crown.

Hondo and San Augustine were 1938 semi-finalists. Pharr-San Juan-Alamo lost to Dallas Tech, which won the championship, in the first round.

The schedule for the tournament was worked out yesterday by the Dallas Municipal Athletic Association, which sponsors the affair, follows:

Wednesday, 4 P. M., Maypearl vs. Austin; Thursday, 9 A. M., Pharr-San Juan-Alamo vs. Wilmer-Hutchins; 11 A. M., Maypearl-Austin winner vs. San Augustine; 2:30 P. M., Hondo vs. winner Highland Park-Wilmer-Hutchins; 4:30 P. M., Withharral vs. Adamson.

Consolation games will be played Friday morning with finals Friday afternoon at 1:30 o'clock. Championship finals will be at 4 P. M. Friday.

P. C. Cobb, athletic director of Dallas schools, is in charge of the tournament.

# Family Reunion On Mother's Day Speeds The Rex Bounds

Mr. and Mrs. Rex Bounds, recently of New Orleans, who have been here several weeks visiting their parents, Mr. and Mrs. Guy Hamilton and Mrs. T. W. Bounds, left Monday for Atlanta, Ga., where they will be several months.

Mr. and Mrs. Hamilton enjoyed a family reunion with Sunday, Mother's Day as a farewell compliment to Mr. and Mrs. Bounds since Mr. Bounds' work with the Texas Co. will take him and Mrs. Bounds to Philadelphia, Pa., and Boston, Mass. after his work in Atlanta.

The present were Mr. and Mrs. Bounds, Mr. and Mrs. J. H. Mabry of San Antonio, and Mr. and Mrs. Alan Hamilton of this city.

Corporation Court.

One charge of operating a car without a full light, three of intoxication, and two of running over stop signs brought offenders into the Corsicana Corporation Court Thursday morning.

# PALESTINE

(Continued From Page One)

Fighting broke out at Tel Aviv last night when several thousand Jewish youths, according to British reports, set fire to government district offices, then kept a fire brigade from going to the blaze.

Police said order was restored early today. The injuries resulted, it was reported, when police fired into the air, then charged with batons. Reuters, British news agency, said a Jewish constable was wounded when someone in the crowd fired on police.

Mayor Israel Rokach pleaded with the demonstrators not to let Jewish Tel Aviv's name after flying stones injured him slightly as he stepped from an automobile. The municipality in a statement condemned the demonstration, and the government ordered a curfew.

Authorities believed that Jewish opinion generally was against violence and that sponsored Jewish protests would take the form of a passive resistance campaign after the pattern set by Mohandas K. Gandhi in India.

"The new policy," said one Arab, "paves the way for friendlier relations between Arabs and Jews (who will be limited to one-third of the population) and opens a new era of peace and prosperity in Palestine."

The Arab higher committee, however, was reported to be drafting a statement contending that the plan had not gone far enough.

# WEATHER

(Continued From Page One)

showers were predicted. Paris had 11 and clouds.

Woman Is Killed.

Mrs. E. J. Behnke was killed and her husband and sons, Connie and Willie, were injured when a two-story demolition fell on them near Cogo last night.

Behnke received a broken arm and Connie head injuries. Willie's injuries were slight. Several homes were badly damaged and an estimated \$25,000 loss was reported by the W. B. Sorens firm.

Mrs. Behnke was ill in bed when the storm hit her home after first striking at Hewitt and moving southward as far as Lott. Two negroes injured near Hewitt were brought to a hospital here.

Hall which piled two feet deep in places destroyed crops in scattered areas north and west of here. Light hail and heavy rain fell here. Morgan and Kopper, north of here, reported trees stripped of foliage, roofs splintered and crops destroyed over a three-by-ten-mile area.

At Venus, near Cleburne, strong winds damaged roofs and disrupted for a while light and telephone service.

Houses were blown off their foundations, garages demolished and trees uprooted by high winds that struck before dawn today at Waller.

Damage was estimated at \$15,000. Heavy rains fell there and at Cypress, Tomball, Klein and Fairbanks.

Federal Aid for Storm Victims.

WASHINGTON, May 18.—(P)—Immediate federal assistance for victims of yesterday's storm in Brown county, Texas was asked today by Representative South (D-Tex.).

He telegraphed requests to W. E. Farwell, regional manager of the emergency crop and feed loan, and C. M. Evans, regional farm security administrator, both in Dallas, to render all assistance possible in the county, where 4,000 acres of grain was reported destroyed at a loss exceeding \$100,000. The surplus commodities corporation, South said, agreed to make ample food supplies available for the victims if needed.

South also asked the Red Cross to investigate whether it might be of assistance.

# NAVY IS SEEKING ENLISTMENTS FOR SIX YEAR PERIOD

J. M. Rekos, chief machinist's mate, United States Navy, on recruiting duty in Waco, spent several hours in Corsicana Thursday seeking enlistments.

It was pointed out by Rekos that the Navy offered unusual opportunities at this time especially to boys graduating from high school and unable to attend college.

The minimum age for enlistment is eighteen years and the maximum under twenty-five. The term of enlistment is for six years.

"All enlistments made in the rating of apprentice seamen with pay of \$21 per month," Rekos said. "After four months service advancement is automatically made to the rating of third class, with pay of \$38.00 per month," according to Rekos.

To obtain further information, write or call in person at the Navy Recruiting Station, New Post Office, Waco, Texas, or see the Corsicana postmaster.

"Thousands of men in civil life owe their present success to training in the Navy," Rekos said.

# SUMMER PROGRAM OF YMCA STARTS MONDAY, JUNE 5TH

YMCA summer program for boys and girls, men and women will open Monday, June 5. Classes in the swimming pool and gymnasium will be held for all groups.

The free learn-to-swim institute sponsored by the YMCA and the Corsicana Daily Light will open June 5 and continue for two weeks running parallel with the regular YMCA membership activities.

The institute will be for six 30 minute periods. Each class will be limited to 30 participants.

A detail schedule and program will be announced soon.

# White's Chapel And Oak Valley Division Cemetery Association

The Whites Chapel-Oak Valley division of the Hamilton-Beaman Cemetery Association met at the home of Mrs. Walter Little Tuesday afternoon. Plans were made for raising our part of the budget.

After the business session, the hostess, assisted by her daughter, served each with a very refreshing plate of punch and cookies.

Our next meeting will be with Mrs. Edgar Young, June 20, at which time we will meet at 1 o'clock and work on our bedspread. All members are requested to be present.—Reporter.

# DEFENSE

(Continued From Page One)

army air corps expansion program gained headway today on the strength of testimony by Col. Charles A. Lindbergh that Germany excels the United States in military aviation.

Several members of a house appropriations sub-committee have criticized the army's plan to hold 2,168 of its projected 5,500 fighting planes in reserve. They have suggested, instead, that some of the money be devoted for aviation research and experimentation.

Although Lindbergh was quoted as endorsing the reserve, these members contended their position was strengthened when he recommended to the subcommittee yesterday that the government step up research activities.

Lindbergh spoke at a closed session of the group during its continuation of the Lindbergh army appropriations totaling more than \$800,000,000.

Members summarized as follows the testimony of Lindbergh, who has just finished inspecting American aviation facilities for the war department:

He said Germany has outstripped the United States in the speed of its attack planes and efficiency of its light bombers. He explained he did not know how many warplanes the Reich has, but estimated its productive capacity is 20,000 planes a year.

In No Danger of Attack.

The famous flyer assured the committee the United States is in no danger of aerial attack from abroad, because European military planes are not long-range types.

Rep. Engle (R-Mich) said afterward that Lindbergh, speaking passionately, emphasized quality in aircraft rather than quantity.

In the senate, interest in defense matters centered on the \$773,049,000 navy appropriations bill for the year beginning July 1.

The measure, providing funds for 23 new warships and 500 fighting planes, contains a house-approved prohibition against purchase of Argentine canned beef for navy use.

President Roosevelt recently instructed the navy to purchase 48,000 pounds of Argentine canned beef, saying it was superior in quality and lower in price than that obtainable in the United States. Western senators, however, challenged the contention.

# APPROPRIATIONS

(Continued From Page One)

years—and this entirely independent of the question as to whether there will be peace or war.

Despite Hull's statement, the committee trimmed \$1,402,423 from the amount the state department asked, recommending still was \$1,250,990 more than the current year figure.

For all these departments, the bill was \$2,970,083 below the budget estimates but exceeded the departments' current appropriations by \$28,691,315. Approximately \$20,000,000 of the increase was earmarked for taking the 1940 census, a two-year task estimated to cost about \$45,000,000.

For all these departments, the bill was \$2,970,083 below the budget estimates but exceeded the departments' current appropriations by \$28,691,315. Approximately \$20,000,000 of the increase was earmarked for taking the 1940 census, a two-year task estimated to cost about \$45,000,000.

necting the Tombigbee and Tennessee rivers. An attempt to add \$12,344,000 for a navigation and power development project on the Connecticut river lost 98 to 38.

A final vote on the bill was held over until today, giving sponsors a chance to seek reversal of these decisions.

# Problem of Surplus Wheat May Disappear

WASHINGTON, May 18.—(P)—Federal farm officials predicted today the nation's surplus wheat problem would virtually disappear this summer unless there is a sharp reversal in weather conditions in the grain belt.

They said dry weather was taking a heavy toll in such winter wheat states as Kansas, Oklahoma, Western Texas, and Nebraska, and that moisture conditions in the spring wheat states of Minnesota, the Dakotas, Montana, Washington and Oregon were far below a year ago.

Weather bureau reports showed rainfall in the wheat belt was 30 to 40 per cent less than a year ago. Unless there is a marked increase in rainfall during the balance of this month—a critical one for winter wheat—the deficiency will be even greater.

The unfavorable weather conditions and a 20 per cent reduction in the wheat acreage under the agriculture department's crop control program may result in a crop hardly large enough, officials said, to supply normal domestic needs. Such needs average about 685,000,000 bushels a year.

# Secret Testimony Before Committee Un-American Acts

WASHINGTON, May 18.—(P)—The house committee on Un-American activities began taking carefully-guarded testimony today from a group of witnesses on one of which Chairman Dies (D-Texas) described as "too highly important" to discuss.

There were reports the hearing concerned advice to the committee that a wealthy businessman was financing a campaign of racial and class distinction which has reached into the highest army and navy circles. It was understood the man was one of the witnesses, all of whom were under committee subpoenae.

After the meeting began, Dies left the hearing room to make this statement to newspapermen: "This is so highly important that we can't tell you a thing now. We would like to cooperate, but we just can't do it and we have got this thing fixed so you can't possibly find out."

"After we get all through, we may make public the testimony or try to get a unanimous report to give you. The fact will be made public at the proper time."

# Propose Livestock Loans

WASHINGTON, May 18.—(P)—Declaring there was an imperative need for building up livestock herds, Senator Gerald P. Nye, (R-ND) introduced today a bill authorizing the Farm Credit Administration to insure private loans for livestock purchases for restocking, foundation or feeding purposes.

The maximum insurance would be 80 per cent of the total live stock loans or advances made by the lending institution seeking the insurance. No loan for more than \$25,000 would be insured. The FCA would collect premium charge sufficient to cover losses for which it might become liable.

# Rivers and Harbors Bill

WASHINGTON, May 18.—(P)—The house passed and sent to the senate today a bill authorizing \$100 million for river and harbor projects over the nation. They would cost \$83,728,100.

Passage came on a voice vote after the house had refused to put back into the legislation authority for construction of the \$22,700,000 Umatilla navigation dam on the Columbia river and for a \$66,000,000 waterway connecting the Tennessee and Tombigbee rivers.

The Umatilla project was defeated finally on a voice vote, while the Tennessee-Tombigbee development lost on a roll call vote announced as 204 to 182.

# Dry Bill Introduced

WASHINGTON, May 18.—(P)—Senators Sheppard (D-Texas) father of the eighteenth amendment, and Ellilo (D-Miss) have introduced a measure designed to outlaw liquor trade in dry states so far as the federal government is concerned.

Their bill would prohibit officers or employees of the United States from receiving payments of special taxes on liquor dealers from persons engaged in selling liquors in violation of state laws. Sheppard said bootleggers in dry states usually avoided federal prosecution by paying federal taxes.

# To Probe Land Purchase

WASHINGTON, May 18.—(P)—Senator Connally (D-Tex) proposed in the senate today that the navy investigate to determine whether the adjutant general of Rhode Island had sought to profit by purchasing land desired by the government for the Quonset Point R. I. naval air base.

Just before the final vote on the naval appropriation bill which carried \$63,000,000 for the acquisition of land for the base, Connally asked Senator Green (D-R-I) whether he knew of any such circumstances.

Green replied that he would be "glad to look into it."

# COMMISSIONERS

(Continued From Page One)

ty three or four percent while on the contract basis, it will be between five and seven and one-half percent.

Judge Miller asked Banister if he would waive services.

Banister replied: "I regret to say, I cannot."

The motion to the written notice followed.

While no official announcement was made as to the next move by either side of the controversy, it is believed in many quarters that a lawsuit may result, unless the court and the criminal district attorney agree upon a compromise basis.

# MURDER RING

(Continued From Page One)

locations are uncovered practically every day.

Besides scores of new leads developed through confession of ring members in terror of the electric chair, the police have been greatly aided by anonymous letter writers who have flooded them with tips. Police said checks have proved about 75 per cent of these tips to be accurate.

Rose Carina was sought specifically for questioning in connection with the death of Pietro Sten, a grocer who died three years ago of what was then certified as "heart disease" and "diabetes." Sten was her fourth husband.

Her first was Antonio Carbonaro, from whom she was divorced. Her second spouse was Dominick Carina, who died in 1931. Her third husband, Prospero Antonio Leal, died two years later.

After Sten's death in the fall of 1934, Rose married Isadore Troppe, now a semi-invalid, suffering from a stomach ailment. He lives with relatives in south Philadelphia.

# PHILADELPHIA, May 18.—(P)

—Topped by the arrest in New York of a woman known to police as "Rose of Death" and a leading character in the East's mass murder melodrama, three quick developments spurred a drive today for swift prosecution of 25 Philadelphia women charged with participation in plots to kill for insurance.

The developments were:

1. Agents of the Federal Bureau of Investigation seized Rose Carina, New York, editor of a lens search for the woman detectives said lured men to their deaths for dollars.

2. The Philadelphia office of the FBI arranged the return from Cleveland of Dominick Rodio, 51-

# INVITATIONS HAVE BEEN SENT OUT FOR THE OAKS TOURNAMENT

Invitations are being sent this week to golfers at Mexia, Ennis, Hillboro, Athens, Palestine, Jacksboro and other surrounding towns inviting them to participate in the Oaks club open tournament which opens Saturday, June 3. Qualifying will start on May 28 and close on June 2.

J. Q. Hickson, owner of the Oaks, said Thursday morning that he wished to extend his congratulations to the Corsicana Country club on the recent successful invitation tournament. They ever held and extended an invitation to all members of the club to participate in the Oaks tourney.

Some of the prizes for the tournament are now on display and others are expected soon. Excellent prizes are given the winner, runner-up and consolation in all flights.

# NORRIS

(Continued From Page One)

He declared the battle for "freedom of the soul was never more raging nor the issue more imperilled."

For the first time in history, heads of all Baptist groups in the United States will meet at Chicago, May 28. Mike Elliott, editor of the Minister, a Baptist magazine, announced. He said the session would be devoted to coordination of an evangelistic program and plans for a nationwide revival in 1940.

J. B. Lawrence of Atlanta, executive secretary of the Home Mission Board, declared there was no place in the Baptist church policy "for an ecclesiastical overlordship."

"There is, however," he added, "great need for an efficient denominational life. If Baptists are to function in world-wide work."

He said he believed Baptists "have some things fundamental and distinctive necessary to a full gospel and not held by other denominations."

But he warned that many Baptists were "so individualistic they disregard the denomination program except in a most general and indefinite way."

# NEGRESS CHARGED IN CONNECTION WITH SHOOTING BROTHER

Leona Davis, negress, 715 East Fifth avenue, is at liberty on \$250 on a formal charge of assault with intent to murder—as the result of a shooting scrape in East Corsicana Wednesday night. Cleo Burks, negro, brother of the accused woman, received a 32 caliber pistol wound in the left shoulder and neck. After treatment at the P. and S. Hospital, he was discharged.

Officers said the shooting occurred when the wounded negro sought to break into the house of his sister.

The arrest was made by City Officer K. A. Blakney and the negress was transferred to the county Thursday morning by Deputy Sheriff Jeff Spencer.

A formal charge was accepted by Seton Holsay, assistant criminal district attorney, and was filed before Judge A. B. Foster. Bond was set after examining trial was waived.

The case will probably be submitted to the grand jury Friday for action.

# Bee Inspector And Assistant Are Here

Cecil Heard, chief bee inspector of the state and his assistant, W. C. O'Neal, are registered at the Navarro hotel. They will be here several days to assist bee keepers in Corsicana and Navarro county with their problems.

They work through the entomology department of A. and M. College.

A Mothers' Day program was rendered by the primary school children Sunday night. Mrs. Gladney and Miss Johnson sponsored the program.

There will be an ice cream supper and play, "What Men Don't Know," at the Bazette school house Friday night, May 20. The play will be free.

Mr. and Mrs. Bert Banks of the Buffalo community celebrated their 60th wedding anniversary Sunday. A host of friends and relatives were present during the afternoon. Many beautiful gifts were received by the couple and delicious ice cream and cake was served to all present.

Mrs. Ina Upchurch visited Mrs. Lucille Albritton Monday.

Mrs. Hughes Faughn was a Corsicana visitor Monday.

Clarence and W. Z. Sessions and families visited their parents, Mr. and Mrs. G. B. Sessions Sunday.

Mr. and Mrs. Herbert McCowan and children visited Mr. and Mrs. John Arnett Sunday.

Mr. and Mrs. W. C. Wasson were dinner guests of Mrs. Atkinson Sunday.

Bazette community received a light rain Tuesday.

Mrs. Opal Baxter was on the sick list Monday.

Mrs. Watts visited Mrs. Baxter Monday afternoon.

Lucien McCadden of Oklahoma is visiting Bob and Miss Ruth McCadden.

Mrs. G. O. Tucker and son, Willie; Mrs. S. Tucker and daughter, Miss Pauline, were visiting in Fort Worth Sunday.

M. E. Roman and D. F. Roman went to San Antonio Tuesday.

Mr. and Mrs. A. L. Osborne of Cleburne spent Saturday night with their son and family, Mr. and Mrs. Clyde Osborne.

Quite a few from this community attended the county-wide club rally at the Y. M. C. A. Saturday.

The school closed here on Friday of last week with a picnic. The school rendered a program on Thursday night with the graduating class exercises after the program. A large crowd were in attendance and to say it was greatly enjoyed by all present is putting it mildly.

Several days taking treatment. She is much improved.

Mrs. J. W. Posey of Dallas is visiting her daughter, Mrs. C. M. Fitzgerald.

Mrs. Emma Lemmon spent Sunday in Ennis with her son and family, Hugh Arthur Lemmon.

## Purdon

PURDON, May 18.—(Spl.)—W. E. Butler, Mrs. T. H. Morgan and children and Mrs. Guy Farmer and little son came in from Argas Pass last Thursday after a few days visit with Mr. and Mrs. Clyde Boldin.

Rev. Lester Roloff, Fort Worth, former Baptist pastor here, spoke at the P. T. A. Thursday night.

Mrs. W. H. McCraw, Mrs. Lois McClintock, and Mrs. Andean Haddock were Buffalo visitors Wednesday.

Mrs. Lester Ramsey of Corsicana spent a few days last week with her parents, Mr. and Mrs. Fred Ford.

Miss Thelma Smith of Levelland came in Friday to spend the summer with her grandparents, Mr. and Mrs. J. B. Adkins.

Mr. and Mrs. A. C. Davis and Mrs. Curtis McGeeha spent Sunday in College Station with Mr. and Mrs. Davis's son, Lowell Key Davis.

Mr. and Mrs. Bill Howard of Kilgore spent Sunday with Mrs. Howard's mother, Mrs. George Tickle.

Mrs. Joe Joyce and children of Dallas spent Sunday with her parents, Mr. and Mrs. John Bagline.

The last report received of Dr. W. R. Russell, who has been ill for some time, was that he was better. This is happy news to his many friends.

Rev. and Mrs. H. A. Marsh left Monday for Oklahoma to spend the week with relatives.

Mr. and Mrs. Hartwell Tipton of Corsicana spent Sunday here with relatives.

Mr. and Mrs. Rufus Stough of Waco spent Sunday with Mrs. Hannah Howard.

Mr. and Mrs. V. D. Brownfield of Mt. Vernon are spending a few days with Mrs. Brownfield's parents, Mr. and Mrs. Fred

## WINDSTORMS, HAIL AND RAIN VISITED NORTH PART TEXAS

### ITALY, STRAWN AND HOL- AND SUFFER FROM WIND, LIGHTNING AND HAIL

By The Associated Press  
Windstorms, hail and rain be-  
leagued the northern part of Tex-  
as today, but damage reports  
were balanced by word of better  
crop prospects.

The Brazos river was on a  
rise, but observers felt there was  
no immediate flood danger.  
Streams in the Fort Worth sec-  
tor were receding after sharp  
rises during the past two days.  
A twister dipped into Italy at  
5:30 a. m. today. Several houses  
in the residential district were  
damaged severely. The large  
frame home of George Herris was  
split in the center. Herris was  
tossed from his bed to the floor,  
but the bed was not moved.

Trees were uprooted and roofs  
and chimneys were among the  
storm casualties. A heavy rain  
fell with the blow.  
More than \$5,000 damage was  
counted at Holland, near Temple,  
after a lightning bolt demolished  
the roof and damaged a wall last  
night at the Mewhinney mercan-  
tile company.

Strawn, in Palo Pinto county,  
suffered more than \$5,000 dam-  
age. Hail punched holes in roofs  
and damaged a school. The hail  
and rain poured into residences  
and flooded several business  
houses.

The Strawn area was one of  
the few reporting crops were dam-  
aged.

Hail injured the grain pros-  
pects there.

In Longview, a 2.44 inches rain-  
fall broke a several-weeks

## Canadian Premier Welcomes Rulers

QUEBEC, May 17.—(AP)—Prime  
Minister W. L. Mackenzie King  
told King George and Queen Eliz-  
abeth today that "Today, as never  
before, the throne has become the  
center of our national life."  
The prime minister's address of  
welcome was delivered at the Do-  
minion government's luncheon for  
the King and Queen.

"We would have Your Majes-  
ties feel that, in coming from the  
old land to the new, you have but  
left one home to come to another;  
that we are all of one household,"  
Mackenzie King said.

"Free institutions and Demo-  
cratic ideals are as dear to the  
hearts of your people in Canada  
as to the peoples in any other  
part of the empire. We regard  
their preservation and perpetuation  
as the common concern of all."

"Greater than our sense of the  
splendor of your state is our af-  
fection for two young people who  
bear, in so high a spirit, a res-  
ponsibility unparalleled in the  
world."

Roult Dandurand, government  
leader in the senate, welcomed  
the King and Queen "in the cap-  
ital of New France" and said  
French-speaking Canadians "from  
l'île de roi."

week's drought which had ham-  
pered farm and garden opera-  
tions. Possibility of more rain,  
however, was not looked upon  
favorably.

The heaviest rains were report-  
ed at Weatherford, where 3.14  
inches fell yesterday.

Carrollton recorded 2.98 inches;  
Tyler 1.92; Abilene, 1.12; Cor-  
sicana, .81; Dallas, .76; Sherman  
.68; Fort Worth .51; Waco, .78;  
Austin, .26; Galveston, .04; Hous-  
ton, .06, and San Antonio, a trace.

## Mrs. M. O. Cheek Honored By Women Of Kerens Monday

KERENS, May 18.—(Spl.)—The  
WMU of the First Baptist church  
honored Mrs. M. O. Cheek with a  
lovely afternoon tea and shower  
Monday from 4 to 5 p. m. at the  
home of Mrs. E. H. Norton.

The shower feature was kept a  
complete secret and the honoree's  
face was a study in conflicting  
emotions when she was led from  
room to room and shown the  
many lovely and useful gifts, all  
personal, which admiring friends  
had sent.

Almost every women's organiza-  
tion of the city was represented,  
as well as hundreds of remem-  
brances from people in all walks  
of life. The beautiful array test-  
ifying only in part to the depth of  
love and affection felt for Mrs.  
Cheek by all with whom she has  
come in contact.

The old proverb "To know her  
is to love her" could not have a  
more applicable subject.

Chairmen of the four circles of  
the society, assisted with hostess  
duties and with their corps of  
helpers, made the affair a huge  
success.

The Murphy home, which has  
been newly redecorated, was lovel-  
y with gorgeous bouquets of Glad-  
stons, roses, baby's breath, and  
other early summer blossoms, most  
of which were from the beautiful  
garden of Mrs. Murphy's sister,  
Mrs. H. R. May.

A tea table was covered with  
an Italian lace cloth, and held in  
its center a mixed bouquet in all  
white, which rested on a mirror  
reflector.

Crystal punch bowl and ladies  
were placed at one end of the  
table and a large tray or ice box  
cookies occupied the opposite end.  
Kerens is united with one accord  
in grieving over the departure of  
the Cheek family, who will leave  
in two weeks for Waco to make  
their home, though the good wish-  
es of all will go with them as the  
family enters a new field of en-  
deavor, as district missionary, of  
the Waco district, or district 14.

Birthday Club Meets.

KERENS, May 18.—(Spl.)—One  
of the Kerens Birthday clubs, or-  
ganized in January, with twelve  
members, met for each month's  
year, met with Mrs. F. C. Hess  
Wednesday in the home of Mrs.  
Josh Speed.

Arriving just before noon, guests  
were seated at the dining room  
table, centered by a lovely floral  
arrangement, and were served a  
delicious lunch of pressed chick-  
en, and many other delicious  
dishes, ending with a deep dish  
dewberry pie, which for many was  
the season's first.

During the afternoon needle-  
work was in order, and before de-  
parture pictures were made of the  
group.

Additional guests, other than the  
twelve members were Mrs. E. C.  
Hess, Jr., Mrs. Charles Fort and  
Mrs. E. M. Forhand of Trinidad.

The honoree received an assort-  
ment of beautiful gifts, which will  
tend to keep fresh the memory of  
a very enjoyable anniversary.

Heads College Club.

KERENS, May 19.—(Spl.)—At  
the helm of the Aglailan club at T.  
S. C. W. next year will be Miss  
Frances Hemphill of Kerens, who  
was recently elected secretary by  
her fellow club members.

One of the outstanding organiza-  
tions on the campus, the club's ac-  
tivities include picnics, teas and  
various other social functions. All  
of which will be in charge of Miss  
Hemphill. Studying speech and  
related courses, Miss Hemphill, the  
daughter of Mr. and Mrs. W. W.  
Hemphill, is in her sophomore year  
at the college.

Chicken Barbecue

Enjoyed by Group  
Of Kerens Folk

KERENS, May 18.—(Spl.)—A  
congenial no-host group met at  
the C. W. White barbecue grounds  
at the city lake Monday evening  
for a chicken barbecue and gen-  
eral good time.

Mr. and Mrs. C. W. White, Mr.  
and Mrs. A. E. Carroll, Mr. and  
Mrs. E. K. Howell, Mr. and Mrs.  
L. E. Gray, Misses Dorothy Holt,  
Cecil Ross, Virginia Crowley, Mar-  
garet Ivey, and Messrs. Whit  
Scarborough and Fay Redford,  
after doing full justice to a de-  
lightful chicken each, not to men-  
tion the various other edibles, en-  
joyed a series of active games.

Kerens Personal Mention.

KERENS, May 17.—(Spl.)—Mrs.  
John R. Carroll had as her guests  
Sunday evening of Mr. and Mrs.  
Charles Albritton and Mr. and  
Mrs. James Clark of Waco.

Mr. and Mrs. Moss W. W. of  
Lubbock were visiting old friends  
here Sunday.

Mr. and Mrs. Luther Westbrook  
and family, Mr. and Mrs. Jere  
Daniel and Mary Jane, Mr. and  
Mrs. C. E. Dobbs, Mr. and Mrs.  
Melvin Penny and son, all spent  
Mothers' Day with their sons and  
brothers at Texas A. and M.

Mrs. E. K. Howell, Mrs. Arlie  
Dobbs and Miss LeVane Craw-  
ford left early Tuesday morning  
in the former's car, for Sattillo  
Miss, where they will be the  
guests of Mrs. Byron Means.

Sam Garrett of A. and M. Col-  
lege spent Sunday with Mr. and  
Mrs. Lacy Garrett.

Mrs. G. W. Speed of Corsicana  
was in Kerens Monday afternoon  
to attend the farewell tea and  
shower given for Mrs. M. O.  
Cheek.

Mr. and Mrs. Robert Edward  
Loban and little daughter Shelly,  
have returned to their home in  
Nashville, Tenn., after a Mothers'  
Day visit with their mother and  
grandmother, Mrs. J. F. Queen.

Miss Gerry Norton, freshman  
student at Baylor U. spent the  
past week end at home with Mr.  
and Mrs. E. H. Norton and Mr.  
and Mrs. W. L. Bain, Jr.

Mrs. Ford Ivey, Jim Bob Ivey  
and Mrs. J. R. Carroll drove to  
Austin Saturday afternoon to  
meet Miss Katherine Ivey of  
Kingsville, who returned to Ker-  
ens for the week end. They  
joined in Belton by Miss Alene  
Ivey, student at Baylor College.

Mrs. J. M. Carswell and small  
son left Tuesday morning for a  
delayed Mothers' Day visit with  
home folks in Lufkin.

Mrs. W. E. Stevenson and Miss  
Lorone Cooper of Sanatorium are  
visiting the R. O. Cooper family  
this week.

Rev. M. O. Cheek attended a  
meeting of the 14th district of  
Baptists in Oakwood Tuesday.

Grover Crawford is a member

## NEW MEDICAL IDEA SPREADS LIKE WILDFIRE AMONG DOCTORS NATION—HUMAN HIBERNATION

By HOWARD W. BLAKESLEE  
Associated Press Science Editor  
ST. LOUIS, May 18.—Like wild-  
fire a new medical idea, human  
hibernation, is spreading among  
the thousands of doctors here for  
the annual meeting of the Ameri-  
can Medical association.

They want to try it on heart dis-  
ease, insanity, tuberculosis and ill-  
representing the whole gamut from  
degenerative to infectious diseases.

All week they have been stand-  
ing three deep, on tiptoe, in little  
rings around a motion picture in a  
small scientific exhibition booth  
seeing something that never before  
was done to human beings.

The pictures show women, naked  
except for loin cloth, being put to  
"sleep" like hibernating bears, by  
refrigeration. The hibernation ex-  
hibit is by Doctors Temple S. Fay  
and Lawrence W. Smith of Phila-  
delphia.

The women are stripped and  
covered with cracked ice like wild-  
cat fish. An electric fan is turned  
on. In three hours their internal  
temperatures are forced down below  
80, usually to a rectal temperature  
of 68.

They literally go to sleep. The  
sleep is like the drowsiness that  
overcomes a freezing person, except  
these patients report none of the  
agonizing pains preceding freezing.

The room is kept cold so when  
the ice is removed they stay cool  
like a bear in his winter cave. They  
are kept thus for five days. At the  
end they are awakened by hot cof-  
fee, or warm applications. They  
arouse smiling, as if from sleep,  
and with no memory of what has  
happened different from complete-  
ly dreamless sleep.

How much longer they could  
hibernate has not been tried. As  
many as 40 days of this sleep have  
been given in intermittent stretch-  
ings covering several months, all with  
no bad effects, but with good ef-  
fects on long memory of cancer from  
which they all suffered.

The pulse disappears.  
Their kidneys stop. Bowels and  
approaching all digestive works stop.  
But this, ordinarily a signal of ap-  
proaching death, seems of no dan-  
ger, because at the same time anal-  
ysis of the blood shows it has  
ceased to fill up with waste pro-  
ducts. There is nothing to elimi-  
nate.

Metabolism itself slows down to  
10 to 20 per cent.

They should die of pneumonia  
but not one has ever shown a sign  
of pneumonia. They haven't  
caught cold or anything else what-  
ever as yet. The germs in their  
bodies apparently slow down along  
with the entire organism.

during the past week end to spend  
with his mother, also to welcome  
their brother, Billy.

Mrs. L. I. Griffin of Shreveport,  
La., has returned to her home af-  
ter a visit with her sister, Mrs.  
Joe Sheppard.

Government Plays Small Part.  
NEW YORK, May 18.—(AP)—The  
newly-elected president of the  
United States Chamber of Com-  
merce contended today that gov-  
ernment, by comparison with busi-  
ness, "has done a small job in-  
deed in alleviating the distress of  
our people."

W. Gibson Carey, Jr., in an ad-  
dress before the Merchants associa-  
tion of New York, said any as-  
sertion business is "on strike" and  
"stands ready to pull the house  
down to gain its ends is as utterly  
ridiculous as the belief industry  
wishes war."

"One of the things usually over-  
looked is that in the worst years  
of the depression, manufacturers  
probably paid out more money to  
employees whose work was not  
needed to meet current demands  
for their products than the gov-  
ernment did for relief," Carey  
said. "Add to this the vast sum  
contributed to the maintenance of  
living standards. The fact is that  
government, by comparison, has  
done a small job indeed of alleviat-  
ing the distress of our people."

## ANOTHER PRINCIPAL IN POISON MURDER RING IS ARRESTED

### FEDERAL AGENTS ENTER IN- SURANCE MURDER CASE; AT- TRACTIVE WIDOW SOUGHT

CLEVELAND, May 17.—(AP)—  
Dominic Rodio, 61, of Philadel-  
phia, sought by federal agents in  
their investigation of an interstate  
poison murder ring's operations,  
was arrested here today at the  
home of a sister.

Rodio is one of two persons for  
whom warrants were issued to  
federal agents last night. The  
other is the No. 1 fugitive—an at-  
tractive widow known to police as  
the ring's "kiss of death member."

Detectives Ralph Kennedy and  
Vincent Morrow arrested him at  
the home of Mrs. John Di Fran-  
cisco, where he was asleep.

Detective Sergeant James Ho-  
gan said Philadelphia authorities  
were notified of Rodio's apprehen-  
sion, and added that police here  
might investigate to determine  
whether operations of the poison  
ring extended into Ohio.

The arrested man has not been  
questioned, Hogan said. Arresting  
officers reported Rodio told them  
he came to Cleveland last Sunday  
"to forget" about the death of his  
17-year old son, killed in a traffic  
accident May 5.

The warrant issued for Rodio  
charged him with being an acces-  
sory to murder in the drowning  
of Joseph Arena of the New Jer-  
sey coast near Sea Isle City in  
1932.

Seeks Attractive Widow.  
Ace man-hunters of the federal  
bureau of investigation sought the  
attractive widow, Mrs. Rose Ca-  
rline, for whom a murder war-  
rant was issued weeks ago. Pol-  
ice Captain James Kelly said the  
often-married woman acted as a  
"lure" for the ring and was want-  
ed in connection with the murder  
of a grocer in whose exhumed  
body traces of two types of poison  
were found.

Warrant for the apprehension of  
Mrs. Carline was handed to federal  
agents last night with orders  
from FBI Director J. Edgar  
Hoover to give local police "the  
very greatest co-operation possi-  
ble within our jurisdiction."

The federal agents entered the  
case at the request of Judge Har-  
ry S. McDavitt, who earlier had  
urged Hoover to make a personal  
survey of "this unbelievable crime  
syndicate." Authorities believe  
the ring may have killed more  
than 100 persons in Eastern states  
by poison, drownings, and faked  
accidents.

At the same time the possibility  
of a second federal agency step-  
ping into the investigation devel-  
oped with disclosure that the bu-

## Chico Bank Was Robbed Tuesday By Two Bandits

### CHICO, May 18.—(AP)—Two ban- dits, so alike in appearance they might have been twins, held up and robbed the First State Bank of Chico of between \$1,500 and \$2,000 shortly before noon today.

They escaped in a Chevrolet  
coupe with yellow wheels in the  
direction of Jacksboro.

The men, described as tall, slen-  
der and unshaven, each clad in  
work pants, a brownish shirt and  
a dirty blue cap, came into the  
bank at 11:30 o'clock, when only  
four persons were in the building.  
They walked up to the window of  
a cage occupied by W. H. Tallant,  
assistant cashier, and one of the  
men, in a low voice, commanded  
Tallant to raise his hands.

Unaware that a holdup was tak-  
ing place, Miss Evie Blackmon,  
secretary in the bank, went to the  
other man and asked him what he  
wanted. He turned his back on  
her and she walked to the file  
desk.

The man followed her, produced  
a gun and ordered her to "stick  
up."

Mrs. Nora Slack, an employee of  
the bank, and Mark Marshall, a  
customer also were in the bank.  
After taking the contents of the  
cash drawer from Tallant the men  
walked out of the bank and enter-  
ed their car, which had been parked  
behind the building.

Marshall said he was sitting in  
the bank when one of the robbers  
approached him.

"He apparently told me to stick  
up my hands, but I didn't hear  
him, and asked him what he want-  
ed. Then I saw the gun in his  
hand, and I didn't have to ask him  
again."

"They weren't rough with us.  
They acted like perfect gentle-  
men," Marshall said.

Marshall said Ralph Nelson, a  
bank supply salesman from Fort  
Worth, also saw the holdup.

"He walked right in behind  
them," he said.

## JUST FOLKS

(Copyright, 1937, Edgar A. Guest)

An Undid Man's Justification.  
An undid man and a tidy woman  
Are their own despair.  
She to whom orderliness is human  
Frets over her care.  
As she follows his footsteps by  
Day and night,  
Patiently toiling to set things  
Right.  
Yet this is the truth that all dis-  
cover,  
As time goes rolling by,  
Man is untidy the wide-world over.  
As my father and I  
And as mother followed my dad,  
So she  
Follows to straighten the room  
For me.  
Best is it so that such line should  
border  
Woman and man,  
For were both of us worshippers  
of order.  
And speak and span  
Our lives might shine with per-  
fection's glow  
But out of their laughter and love  
would go.

## TUG OF FOREIGN POLICY

It is a familiar situation that has arisen in Wash-  
ington with respect to foreign  
affairs, the old tug of war  
between President and Con-  
gress. But it is more than  
usually dangerous because  
of the unprecedented con-  
fusion and danger through-  
out the world.

The President, respon-  
sible for the direct hand-  
ling of foreign affairs, and  
in close touch with them,  
is inclined as many previous  
executives have been, to go  
ahead "on his own." Con-  
gress fears that he may  
commit the country too far,  
and wants to know more  
about what is going on and  
have a larger share in it.

The result, as described  
by Lippmann in the New  
York Herald Tribune, is  
that "we are not promised  
a thorough attempt by Con-  
gress and the President to  
shape American policy in  
the greatest crisis of mod-  
ern history. We are prom-  
ised an interminable debate  
and agitation, with charges  
and countercharges, all  
mixed up with domestic  
policies and personal  
grudges, and ambitions for  
1940, and heaven only  
knows what manner of  
masked intrigue fomenting  
the confusion from abroad."

The nation, as Mr. Lipp-  
man observes, "deserves  
something far better than  
that from its government."  
President and Congress,  
parties and factions, should  
get together and work to-  
gether patriotically, so far  
as possible on an equal ba-  
sis of co-operation, in mat-  
ter "beyond the water's  
edge."

## STIMULANT FOR CAPITALISM

Two democracies and  
capitalist countries, the  
United States and Canada,  
usually have about the  
same problems, differing  
only in degree. Here is an  
admirable statement of a  
current Canadian problem,  
by Finance Minister Dun-  
ning:

"The savings of the peo-  
ple must be increasingly  
converted into tangible pro-  
ductive capital, in order to  
expend the national in-  
come, restore normal busi-  
ness activity and solve the  
problem of unemployment."

"We cannot have full  
employment or true pros-  
perity until private initia-  
tive takes the lead in ex-  
panding capital works.  
Labor is unemployed be-  
cause capital is hibernating.  
This lethargy of capital  
must be ended, so that our  
ability and willingness to  
produce shall not be frus-  
trated and allowed to stand  
in wasteful idleness."

"To stop the 'frustration'  
the Canadian government is  
lowering or abolishing var-  
ious federal taxes, so as to  
cheapen materials, and is  
giving 10 per cent tax  
credit on corporation in-  
come that is spent in plant  
extensions."

Our own Congress, ap-  
parently with Treasury sup-  
port, is now engaged in a  
somewhat similar effort to  
reduce business taxes. It  
should not be allowed to  
fail.

"Hitler Asks Road 15.5  
miles Wide Through Cor-  
ridor." Then Poland will  
need another corridor  
through his road. And then  
he'll need a new road  
through the new corridor.  
And so on.

Ah-Gwan, Chinese-Amer-  
ican, thinks it's strange  
that in our discussions of  
presidential candidates we  
ask not "Is he qualified?"  
but "Can he be elected?"

## TRUST "RULE OF REASON"

"Trusts" and "trust-bust-  
ing" are familiar terms to  
the average citizen, but he  
might be hard put to it to  
explain exactly what he  
means by them and what  
his attitude toward them  
is. Thurman Arnold, assist-  
ant attorney general of the  
United States, seems to be  
interested in educating the  
public on this subject.

In a recent address at a  
meeting of American trade  
association executives, Mr.  
Arnold suggested that "rig-  
id standards and defini-  
tions" might destroy the  
Sherman Anti-Trust Act.  
He explained:

"The economic neces-  
sities of a machine age re-  
quire that we recognize  
three principles in the ap-  
plication of the law. These  
principles may be stated  
as follows:

Combinations which ac-  
tually contribute to the ef-  
ficiency of mass produc-  
tion should not be destruc-  
tive.

"Concerted action on the  
part of groups of competi-  
tors in order to insure or-  
derly marketing conditions  
should not be considered  
unreasonable.

"This third situation to  
which the rule of reason  
must be applied has been  
created by our lack of en-  
forcement in the past. A  
short phrase to describe it  
would be to call it the prob-  
lem of unscrambling the  
eggs. Where competition  
has been destroyed, mere  
imposition of penalties does  
not re-create it. Economic  
dislocation in great indus-  
tries must be avoided."

Exercise of "the rule of  
reason" in such matters  
calls for calm analysis and  
freedom from animosity  
and preconceived notions  
about combinations. It  
would be easier, of course,  
to assume that all trusts are  
either good or bad, and  
proceed accordingly. But life  
isn't so simple as that in  
industry, trade and econ-  
omics. Maybe it's up to  
the public to do a little  
heavy thinking along these  
lines in order to know what  
government is doing, or  
should do, about trusts and  
the anti-trust laws.

## A WORKER'S CONSCIENCE

To the mayor of Boston  
and the city treasurer re-  
cently were sent the halves  
of two ten-dollar bills and  
a one-dollar bill. The ac-  
companying notes revealed  
not only the delayed hon-  
esty of the sender, but also  
his cynical attitude toward  
public officials. To the  
treasurer he wrote, "I am  
forwarding money I was  
overpaid on a snow-remov-  
al job. I'm so ashamed of  
myself I can't sign my  
name." The mayor's note  
read, "Through the error  
of a timekeeper I was over-  
paid this amount on a snow-  
removal project. I need the  
money badly, but I can't  
keep it. I'm sending you  
half and the treasurer half,  
so the city will be sure to  
get it."

The two officials prompt-  
ly matched the split bills  
and the \$21 went into the  
city treasury. Such little in-  
cidents add variety to mu-  
nicipal routine. They must  
also make citizens wonder  
sometimes whether the  
timekeeper made other er-  
rors.

Not only do the "birds in  
their little nests agree," but  
they have it all over the  
human race in the simplic-  
ity and perfection of their  
housekeeping.

## "THERE'S SOMETHING IN THE AIR"

## TABLOID SCIENCE

Dr. Albert Einstein, asked  
to explain the cosmic  
ray in a five-minute speech,  
was at first dismayed. To  
expound the subject prop-  
erly, he held, would re-  
quire a volume of words.  
The people who wanted  
him to speak urged him to  
try, however, so the great  
scientist set to work. He  
wrote and rewrote his  
speech until he said "I  
can't cut it down any fur-  
ther." No one asked him  
to do so, either, for the  
speech had been reduced to  
700 words.

If the explanation is as  
clear as it is brief, it should  
become a classic example  
to hold before other speak-  
ers, other scientists, writers,  
and pupils in the schools.

## CIVILIZATION TURNS BACK.

A recent news dispatch  
from Germany says: "The  
government has issued a  
decree which will establish  
miniature ghettos in Ger-  
man cities, by compelling  
all Jews 'who will not or  
cannot emigrate' to live in  
Jewish-owned houses. This  
new decree will lead to es-  
tablishment of Jewish areas  
in Germany's largest cities,  
with groups of buildings in  
habited exclusively by  
Jews. Not since 1870, when  
Rome's segregation of Jews  
ended, has there been a  
ghetto in Europe."

Here is a step backward  
to the Middle Ages, when  
such segregation was cus-  
tomary in Europe, with all  
the indignities and restric-  
tions that naturally accom-  
panied it.

Such barbarous proce-  
dure is not confined now  
to Germany. It is expected  
in Italy and, so far as may  
be judged from recent leg-  
islation, seems likely to  
spread through most of  
Central Europe.  
And all this cruelty  
stems now from one man,  
Adolf Hitler, who seems to  
have a pathological phobia  
against Hebrews. Karl von  
Wiegand, veteran Ameri-  
can correspondent, tells of  
Hitler running around the  
room shrieking incoherently  
when asked why he per-  
secuted the Jews.

It rather looks as if some  
of our statesmen at Wash-  
ington were talking them-  
selves out of the presiden-  
cy. A wise candidate says  
little and says political  
words.

The American motto  
used to be "Say nothing  
and saw wood." Now we  
quit sawing and say plen-  
ty.

Of course the Nazis can't  
stand for the Free City of  
Danzig. They're against all  
freedom.

## R. A. CALDWELL IS NAMED ON COMMITTEE CLERKS ASSOCIATION

TEMPLE, May 18.—(Spl.)—R.  
Arthur Caldwell, of Corsicana,  
district clerk of Navarro county,  
has been named a member  
of the attendance committee for  
the Texas County and District  
Clerks' association which meets  
here May 18-20. The appoint-  
ment was made by Ben Ligon,  
Corpus Christi, president of the  
association, and the announce-  
ment was made by Jack Spoons  
of Belton, secretary.

Approximately 300 clerks are  
expected to attend.  
Entertainment features include  
a big barbecue and ball, while  
educational exhibits and a well-  
rounded program will be provid-  
ed.

## LARGE ATTENDANCE EXPECTED AT RALLY 100F ENCAMPMENTS

Approximately 100 representa-  
tives from North, East and Cen-  
tral Texas Encampments are ex-  
pected to be present at the dis-  
trict encampment get-together  
rally at the L. O. O. F. Hall Wednes-  
day evening at 7:30 o'clock. Na-  
varro Encampment No. 44 is host  
on this occasion. S. N. George is  
chief patriarch of the local en-  
campment.

The three degrees will be con-  
ferred on several candidates by  
the degree masters of Tyler, Fort  
Worth and Dallas, according to  
an announcement.

A barbecue will be served during  
the evening.  
Conde Hoskins of Gonzales, a  
member of Texas Legislature,  
is Grand Patriarch of the Encampment  
and is scheduled to be  
present tonight.

Delegations expected here  
Wednesday night will be from En-  
nis, Temple, Waco, Dallas,  
Fort Worth, Waco, Tyler and Cor-  
sicana.

## Miss Opal Cagle And E. E. Hutson Married At Frost on Sunday

Miss Opal Cagle, daughter of  
Rev. and Mrs. P. Cagle, pastor  
of the First Baptist church,  
Frost, was united in marriage to  
Mr. E. E. Hutson of Corsicana,  
in a beautiful ring ceremony at  
the Frost Baptist parsonage, Sun-  
day afternoon at 4 o'clock.  
Rev. and Mrs. P. Cagle and  
families were present. Miss Thelma  
Cagle played the wedding  
march. Miss Kathleen Cagle and  
Rev. Paul Strother of Baylor Uni-  
versity were attendants. The  
bride's father performed the cere-  
mony. After refreshments were  
served the happy couple were  
off on their honeymoon to points  
north through Arkansas.  
Mr. Hutson is a successful  
farmer living near Angus. The  
bride has lived for the past nine  
years at Frost. She received her  
schooling in Frost High School  
and Ouchita College, Arkadelphia,  
Arkansas, and attended the  
Southwestern Baptist Seminary,  
Fort Worth. They plan to be  
home to their friends in a week  
or ten days. Many friends through-  
out the county and state wish  
them many happy years together.

## Hubbard Man Weds Tyler Woman

DALLAS, May 18.—The marriage  
of Mrs. Florence Kendrick Smith  
of Tyler and Dr. W. J. Jarvis of  
Hubbard was solemnized here  
Sunday afternoon at the home of  
Dr. George H. Truett, pastor of  
the First Baptist church. Dr. Truett  
performed the ceremony. Dr.  
Jarvis and Mrs. Jarvis will make  
their home at Hubbard.

## H. CLAY GILLEAN, PROMINENT FROST RESIDENT, IS DEAD

H. Clay Gillean, aged 76 years,  
prominent resident of Frost, died at  
the P. and S. Hospital Tuesday  
morning following a lingering ill-  
ness.

Funeral services will be held  
from the Sutherland-McCammon  
chapel Wednesday morning at 10  
o'clock. Interment will be made  
in the Dresden cemetery. The  
rites will be conducted by Rev.  
P. E. Riley, pastor of the First  
Methodist church.

Mr. Gillean was formerly en-  
gaged in business in Frost and  
was well known in Western Na-  
varro county.  
Surviving is a brother, E. T.  
Gillean of Frost.

## Miss Lilla May Cheek Honored At Luncheon In Kerens on Sunday

KERENS, May 18.—(Spl.)—Miss  
Lilla May Cheek, who, with her  
family will soon be leaving for their  
home in Waco, was honored with  
a luncheon on Sunday at noon  
in the home of Mr. and Mrs.  
C. W. White.

Meeting immediately after church  
each guest with a delectable dish,  
noon had the large serving table  
filled.

After all had helped themselves,  
places were found at the dining  
table, seating twelve, and at one  
quarter table.

The personnel included the hon-  
oree, host and hostess, Mr. and  
Mrs. A. R. Carroll, Mr. and Mrs.  
E. Gray, Mr. and Mrs. E. K.  
Howell, Miss Virginia Crowell,  
Miss Cecil Ross, Miss Dorothy  
Holt, Ray Redford, Whit Scar-  
brough, Billy and Norma Jo White,  
Douglas Howell and L. E. Gray, Jr.

Trinidad Couple Entertain  
Kerens, May 18.—(Spl.)—Mr.  
and Mrs. E. M. Forehand, former  
Kerens residents who have made  
their home in Trinidad for the  
past few years, entertained a group  
of Kerens friends Friday evening  
with a most enjoyable forty-two  
party.

It was the first view for many  
of the guests of the new home re-  
cently purchased by the Forehands,  
which is one of the loveliest in the  
city.

The following played at the four  
tables set up in the spacious living  
room. Mr. and Mrs. A. H. Young,  
Mr. J. E. Young, Mr. and Mrs.  
Mrs. P. H. Brister, Mrs. Mosele  
Smith, Miss Sue Hemphill, Mr. T.  
E. White, Mr. and Mrs. Eugene  
Reas, Mr. and Mrs. C. W. Glass,  
and several other guests.

A delectable and dessert plate was  
served.  
Sunday School Class Meets  
Kerens, May 18.—(Spl.)—Mrs.  
J. F. Queen was hostess on Fri-  
day afternoon to the T. E. I. class  
of the First Baptist church when  
they met in their regular monthly  
social.

## EDINBURG SWINGER PUT UP GAME FIGHT FOR CHAMPIONSHIP UNUSUAL NUMBER EXTRA-HOLE MATCHES RECORDED TOURNEY JUST CLOSED

By PAUL MOORE,  
Sun Sports Editor.

Dashing Don Schumacher  
of Dallas added the Cor-  
sicana seventh annual Cor-  
sicana invitation tourna-  
ment to his collection of  
trophies Monday afternoon  
when he defeated John  
Barnum of Edinburg, 3  
and 2, in their thirty-six hole  
match. A huge crowd fol-  
lowed the combats through-  
out the day, including an un-  
usually large number of feminine  
devotees.

The Flying Dutchman finished  
the first round Monday morning  
with a two-up victory over a  
somewhat shaky start, shooting  
even par. Barnum also played  
much better golf during the after-  
noon, although he missed a num-  
ber of putts by inches. Barnum  
played one under par during the  
afternoon, but lost ground for the  
Dallas campaign was two under  
par when the match ended on the  
sixteenth green.

Opens With Birdie  
Schumacher took the first hole in  
the afternoon round with a  
birdie four while Barnum took  
the second with par. They halved  
three with birdies and four with  
pars. Schumacher won five with  
a birdie and halved six with birdies  
and seven with pars. Barnum  
won eight with par after Schu-  
macher's short approach was not  
on the green. Don took ten with  
a birdie and after halving the next  
three holes with pars, Schumacher  
won fourteen with par, making  
him four up and four to go. Bar-  
num received the unintended ap-  
plause of the fem section of the  
gallery on fifteen when he shot  
a birdie three to remain in the  
contest, but a halve on sixteen  
ended the contest.

The new champion was low med-  
alist Friday with a blistering 66,  
six under par and a new course  
record. He displayed over the med-  
alist jinx that is generally re-  
garded in tournaments for this  
particular instance.

Trophies Are Presented.  
The formal presentation of the  
trophy to the winners of the vari-  
ous flights, consolation, long  
driving and low medal scores was  
made on the club-house lawn im-  
mediately following the conclu-  
sion of the final melees.

During the morning round,  
Schumacher shot four birdies, 10  
pars and 4 bogies. Barnum made  
four birdies, eight pars and six  
bogies. In the afternoon, the win-  
ner turned in five birdies, nine  
pars and four bogies. Barnum  
made four birdies, ten pars and  
two bogies and lost ground. For  
the entire round, Schumacher  
turned in nine birdies, nineteen  
pars and six bogies. Barnum  
made six birdies, eighteen pars  
and eight bogies and lost eight  
holes one over par.

Medal score:  
Schumacher:  
Out—445 454 434—37  
In—444 444 434—35-37-72  
Barnum:  
Out—445 445 443—37  
In—544 444 434—37-74

Afternoon Round  
Schumacher:  
Out—444 444 434—35  
In—344 444 5—28-35—63-72-135  
Barnum:  
Out—334 353 354—35  
In—444 453 5—29-35—64-74-138

A record entry was reported  
with 178 golfers registered.  
One of the features of the play  
was the fact that there were twenty-  
three extra-hole matches unregard-  
ing six extras in the first  
round of the championship flight.  
It was necessary to hold a swat  
contest of the 78's to decide two  
places in the final round.

Jack Munger of Dallas won the  
long-driving contest Friday eve-  
ning with a mark of 314 yards  
and 1 foot.

Longer drives, however, were  
made in competition. Barnum was  
in the stand trap on the 315-yard  
eleventh hole Monday afternoon  
and Sunday was within a few  
yards of the well-known 350-  
yard hole. His shot to open the  
championship match Monday  
morning carried 280 yards down  
the fairway.

A huge barbecue and stag party  
was held Friday night.  
Four states and thirty-odd cities  
were represented in this year's  
tournament.

When Schumacher copped the  
title, he kept up the Dallas rec-  
ord. All five of the winners of the  
Corsicana tournament are Dallas-  
ites.

Other results not previously re-  
ported include:  
Chuck Taylor of Chicago de-  
feated L. C. Taylor of Tyler, 2  
and 1, for the first flight cham-  
pionship.

First Terry of Corsicana coped  
with a one-up victory over H.  
G. Barkey of Ennis. Terry had  
defeated W. W. Browning 2  
and 1 and Barkey had won over David  
Mizell of Dallas, 1 up, in the semi-  
finals.

Clark Haley of Dallas was the  
winner of the third flight with a  
4 and 3 decision over Vernon Hale  
of Corsicana.

Jack Faison of Dallas copped  
the fourth flight trophy with a 1  
up, 20 hole victory over R. C. Jer-  
nigan of Corsicana.  
Consolation Winners:  
Championship: Bobbie Riegel,  
Beaumont, state amateur cham-  
pion, was carried to the twentieth  
green by Charlie Holloway, Cor-  
sicana sharp-shooter and former  
club champion, before he gained  
the victory. Riegel had shot three  
birdies in a row at Frank Childs  
of Dallas in the semi-final  
contest Monday morning.  
Gilbert Stubbs of Corsicana de-  
feated W. A. Lang, Corsicana, 4  
and 2, for the first flight consol-  
ation.

## Courthouse News

District Court.  
The jury for the week was ex-  
cused Monday by Wayne R. How-  
ell, district judge. Civil matters  
were considered before the court.  
District Clerk's Office.  
The following cases were filed:  
Jewel Reed vs. M. C. Reed, di-  
vorce.  
Vivian LaRue Phelps vs. Mildred  
Phelps, divorce.

County Court.  
The criminal docket was called  
Tuesday morning by Paul H. Mil-  
ler, county judge.  
Commissioners' Court.  
A recessed meeting of the com-  
missioners' court will be held Mon-  
day.

Warranty Deed.  
J. S. Callcutt, of the State Na-  
tional Bank of Corsicana, Texas,  
375 acres John Kerr and H. and  
G. C. Cagle surveys in Navarro  
and Ellis counties, \$10 and other  
considerations.

Trustee's Deed.  
John G. Read, substitute trustee  
for J. B. White et ux, to The  
Union Central Life Insurance  
Company, 1.15 acres of the G.  
W. Bohannon, T. W. Williams,  
J. S. Gormley and W. H. Wagley  
surveys in Navarro and Lime-  
stone counties, \$5,100.

Justice Court.  
Two were fined on vagrancy  
charges, two for speeding and  
one for intoxication by Judge A.  
E. Foster.  
One was fined for speeding, one  
for disturbing the peace and one  
for intoxication by Judge Pat  
Geraughty.

## FINE RAIN FALLS IN ALL SECTIONS OF NAVARRO COUNTY

A slow, steady rain which start-  
ed falling here shortly after 4  
o'clock Tuesday morning amount-  
ed to .51 of an inch at 7 o'clock  
and considerable more fell after  
the gauge was read.  
Every section of the county re-  
ported a good rain.  
The rain fell so slowly that all  
the moisture was absorbed and  
clouds during the morning pre-  
vented evaporation.

The moisture was needed to  
bring up late planted cotton, corn  
and oats also needed rain.  
Farm work will be delayed only  
a short time unless additional rain  
falls.

## Mikell Family In Reunion at Red Lake On Mother's Day

A mother's Day family reunion  
was held Sunday at Red Lake for  
the members of Mrs. Tommy Mi-  
kell family.

Mrs. Mikell was honored by hav-  
ing all of her children and grand-  
children present for this day of  
days, besides her sisters, a moth-  
er and friends.  
A picnic dinner was served at  
noon, pictures were made of the  
group and a picnic supper enjoy-  
ed before departure in the even-  
ing for their homes by the fol-  
lowing: Mr. and Mrs. Sam Marsh  
and children of Navarro; Mr. and  
Mrs. Theo Vander Laan and young son,  
Grapeland; Mr. and Mrs. J. B.  
Mikell and son, Tyler, and Mrs.  
Julian Smith and children, Cor-  
sicana.

Mr. and Mrs. E. A. Elliott and  
son, Edgar, Jr., Richmond; Mrs.  
Blanche Collins and Mr. and Mrs.  
Charlie Collins, Navarro; Mrs. Gor-  
don Collins and daughter, and Mrs.  
Lillian Montgomery and son of  
this city; Mr. and Mrs. Ned Mid-  
dlebrooks and daughter, Richmond;  
Mr. and Mrs. J. D. Walker and  
little daughter, Corsicana; and  
Mr. and Mrs. Clyde Sharrer.

Ice Cream Supper.  
The Baptist church at Rural  
Shade is sponsoring an ice cream  
supper Friday night. Music will  
be featured on the entertainment  
program.

dexter in the semi-finals.  
Third flight, A. E. Goppert of  
Teague defeated Weldon Nowlin,  
Hillsboro, 3 and 2.

Fourth Flight—W. G. Godwin,  
Dallas, defeated B. A. Jeffries,  
Corsicana, 1 and 3.  
L. C. Wilson of Dallas was of-  
ficial starter.

Porter Holloway, Country Club  
pro, refereed the morning round  
of the championship match, while  
E. R. Stroube was the referee for  
the afternoon hostilities.

## TWENTY- EIGHT TO RECEIVE DIPLOMAS FROM WESTMINSTER

TEHUACANA, May 18.—(Spl.)—  
Twenty-eight Westminster college  
students are preparing for gradu-  
ation activities which will be cil-  
maxed by the awarding of diplomas  
Tuesday morning, May 20.

Dean Eugene B. Hawk, vice-  
president of Southern Methodist  
University will deliver the baccala-  
ureate sermon at the Tehuacana  
Methodist church, May 28, Presi-  
dent C. A. Sutton announced.

"Death Takes a Holiday" the se-  
nior play, will be presented Mon-  
day, May 28, Lamar Cooper, Eng-  
lish professor and director of the  
play, said.

District Judge H. Fountain Kir-  
by of Groesbeck was principal  
speaker at the annual student ban-  
quet Friday night.

This year's graduating class  
consists of 14 boys and 14 girls.  
Boys include: O. B. Blessing, En-  
house; Oliver Bonner, Fairfield;  
Louie Lester Brown, Groesbeck;

Kosea Pritch and A. B. Goppert,  
Jr., Teague; John A. Goppert,  
Girls: Kathryn Bigham,  
Coolidge; Ellen Brodnax and Janie  
Capps, Mexia; Hazel Goodrich and  
Shirley York, Groesbeck; Naomi  
Wenens, Wortham; Grace Huffman,  
Donna Davis, Garroth; Teague;  
Doris Evelyn Goolsby, Wortham;  
and Johnnie Bounds, Retha Butler,  
Lucien Davis, Mrs. Faye Hall, and  
Elaine Willet, Tehuacana.

## DR. ROSBOROUGH OF MARSHALL DIED ON LAST SATURDAY

Dr. James E. Rosborough,  
aged 83 years, pioneer physician  
of Marshall, died at his home Sat-  
urday, May 18, at 10 o'clock. Fu-  
neral services were conducted at  
Marshall Sunday.

Surviving are his wife, formerly  
Miss Halbert of Corsicana;  
three sons, Dr. Eli Rosborough  
of Dallas, Dr. Rosboro, Jr., of  
Marshall, and Dr. James E. Ros-  
borough, Bryan; and a daughter,  
Mrs. Douglas Jackson, Marshall.

## ANNUAL FIDDLERS CONTEST EXPECTED ATTRACT THOUSANDS

BIGGER, BETTER AND ALL  
FREE IS SLOGAN OF BIG  
ATHENS ENTERTAINMENT

ATHENS, May 18.—(Sp.)—"Bigger and Better and All Free" That's the story of Athens eighth annual fiddlers contest and reunion which is expected to attract more than 30,000 persons to this city on May 26th. Fifty fiddle bands are expected to compete for the largest list of cash prizes ever offered. Prior to this year the number of competing bands has been limited to twenty-five.

Included in the big list of entries is the Homer Bonds band of Kemp, winner of first prize in the 1938 contest, and the ten-piece string band of Sheriff Clyde Shelton of Lamar county, winner of the 1937 event. Prizes will be awarded to the chief fiddlers of the winning bands.

Although many of the fiddlers are past the age of 70, one is only nine years of age. He is the youngest fiddler entered in the contest.

The crowd this year is expected to exceed 30,000 and special provisions to handle it are being made. At the request of Sheriff Jess Sweeten of Athens, Captain Walter Elliott of Tyler will send a corps of 12 highway patrolmen to this city to handle the huge throng. All available county, precinct and city officers will be pressed into special service.

Other States Represented. Added to the thousands of East Texans who will come to Athens on May 26 will be hundreds of others who take advantage of the annual program to make "home-coming" trips from all parts of Texas. Last year's contest drew spectators from Oklahoma, New Mexico, Louisiana, Arkansas and Georgia.

Arch S. Underwood, capitalist of Athens and Lubbock, will bring a large delegation of West Texans, newspaper editors and notable to Athens for the day. For them and visiting newsmen from other parts of Texas, he will entertain at Lake Undy with a chicken barbecue.

Directors of this year's contest are: E. N. Robinson, general chairman; Walter Robinson, Linden Jones, Dave Kamen, Jacob Ginsberg, Guy H. Ballard, A. M. Barnes, and A. S. Ford. Wiley Fennell, Sr., will be master of ceremonies. He will be assisted by Homer Lee Parsons, Registrar is S. A. Carroll. C. M. Weekley and B. F. Egger compose a committee on arrangements.

**Kerens Boy Injured  
In Fall From His  
Bicycle Sunday**

KERENS, May 18.—(Sp.)—Dan Smith, 14-year-old son of Mr. and Mrs. John S. Smith suffered a painful fall from his bicycle when he fell from his bicycle to the concrete pavement Sunday evening, and fractured his skull. His right foot having recently been injured, Dan complains of excessive pain in his foot also.

Reports from his bedside late Wednesday afternoon were that he was resting as well as could be expected.

**Local Osteopath  
Is on Program For  
National Meeting**

Dr. A. T. Rhoads, 307 State National Bank Building, Corsicana, will be one of the principal speakers at the forty-third annual convention of the American Osteopathic Association which will be held June 28 to 30 in Dallas, with more than 2,500 osteopathic physicians, surgeons and specialists from the United States and other countries attending.

THE CORSICANA DAILY SUN DAILY PATTERN

Summer Spotlight

On Boleros

PATTERN 4151

by Anne Adams

Fashion is being spelled with a capital B-O-L-E-R-O this summer! Stitch up this spirited Anne Adams bolero sport dress for yourself or a friend. Pattern 4151. The clear, concise Sewing Instructor directions will make this style an easy task, with its plain, square neck, side-front buttoning and simple princess lines. Take your choice of two versions—one with a high back and short sleeves; the other with a sun tan back and no sleeves at all. We think you'll need "em both! The little bolero, dashing in either a print or vivid contrast, may button on to the frock, and will lead a "double life" when worn with other dresses.

Pattern 4151 is available in misses and women's sizes 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40 and 42. Size 18, entire ensemble, takes 4-5 yards 39 inch fabric and 7-8 yard contrast.

Send fifteen cents (15c) in coins for this Anne Adams pattern. Write plainly name, address and style number.

Just out - - - the Anne Adams Pattern Book of Summer Styles! Send for it today, and see what fashion-magic you can stitch up easily and quickly on the most limited of budgets. See, pictured in color, a complete array of holiday-travel, day party and sun-sports models. Smartness for Summer. Bye and Glamour Girl! New classics and "cottons!" Pages and pages of patterns for misses, matrons - - - and youngsters too! Reports also on accessories! Order now. Price of book fifteen cents. Price of pattern fifteen cents. Together, book and pattern twenty-five cents.

Send your order to Daily Sun Pattern Department, 243 W. 17th St., New York, N. Y.

## NEW MEXICO STATE POLICE PLANNING DECENTRALIZE MEN

MOVE IS EXPECTED RESULT  
IN GREAT EFFICIENCY,  
LESS LOST MOTION

AMARILLO, May 18.—(P)—Decentralization of the New Mexico state police—a move designed to provide a "better working organization"—was announced here by Tom Summers, chief of the law enforcement agency.

Chief Summers, here to escort Gov. John E. Miles at Amarillo's postoffice dedication, said the state will be divided into five districts and a captain and lieutenant will be named in each to supervise state police work. Both captains and lieutenants will be elevated from the ranks of the present force.

The new move, however, will make necessary the addition of five men on July 1, when the plan becomes effective, Chief Summers said.

Districts will be the same as the present State Highway Department districts, with captains stationed at Santa Fe, Albuquerque, Roswell, Las Cruces and Gallup.

"At present we have only one captain and one lieutenant and it is necessary for them, or myself, to contact state policemen individually in all parts of the state," Chief Summers said. "By setting up the new districts, it will be necessary to contact only the five captains, greatly simplifying and speeding up our work."

Details of the new plan, he said, have not been worked out.

## NATIONAL COTTON WEEK BE OBSERVED MAY 22ND TO 27TH

CHALLENGING CAMPAIGN IS  
UNPRECEDENTED IN AN-  
NALS OF INDUSTRY

Cotton Belt states and communities are uniting this month in a challenging campaign unprecedented in the history of cotton-growing industry to promote greater consumption of cotton products through National Cotton Week, May 22 to 27.

Backed solidly by other national organizations, the National Cotton Council and the Cotton Textile Institute are leading the drive as official sponsors of the 1939 observance.

Throughout the Cotton Belt, cotton carnivals will abound during National Cotton Week, with many kings and queens of the cotton realm receiving homage in beautifully cotton-decorated courts. The story of cotton from its infancy to reigning supremacy will be unfolded in pageants through which particular areas will be placed upon new cotton styles and fabrics donated by fashion leaders for the coming summer.

Feature Cotton Products. More than 75,000 retail merchants throughout the nation will feature and display cotton products, a new high for cooperation in the annual celebration.

Cooperating with the Cotton Council and the Cotton Textile Institute in the expanded Cotton Week are the national Retail Dry Goods Association, the Wholesale Dry Goods Institute and chains affiliated with the Institute of Distribution, the National Association of Food Chains and the National Association of Chain Drug Stores.

Particular significance is being attached to Cotton Week this year by virtue of acute problems facing the crop and the industry. In five years the world price of American Cotton, based on the gold dollar, has dropped from approximately 18 cents a pound to an all-time low of five cents, while 1939 exports are setting a new low of \$5,000,000, a loss compared with the normal annual export of 7,500,000 bales.

At the same time, figures reveal that world consumption of foreign cotton in ten years has increased from 10,000,000 bales to 16,750,000. The cotton industry likewise faces an increasingly destructive threat from synthetic fibers, production of which has increased in ten years from an equivalent of 738,000 bales to 4,600,000 bales per year.

Paper, manufactured in 37 states has replaced cotton in over 100 varieties of fields, while jute, wool and flax also have gone flagrantly into cotton's original kingdom.

It is predicted that at the close of the current year, the world will have on hand more than 14 million bales of American Cotton, a million bales more than has ever before existed as carry-over.

It is toward this staggering surplus and prevention of further increase that the Cotton Council is directing its efforts.

**FORMER RESIDENT  
OF NAVARRO COUNTY  
DIED IN BAY CITY**

Funeral services for Posey McLendon, aged 80 years, former resident of Navarro county, who died at Bay City, Wednesday, were held Thursday afternoon at 3 o'clock from the Chattfield church, which interred the remains reached Corsicana early Thursday afternoon.

A native of Georgia, he came to Chattfield when 13 years of age and resided there for a number of years. He had made his home in Bay City for many years. Surviving are his wife, a son, Posey McLendon, Bay City; five daughters, Mrs. Otho Moore, Mrs. Whisett, Mrs. Harry Henderson, San Antonio; Mrs. Aubrey Clark, Bay City; Mrs. Jeff Clark, Bay City; Mrs. J. J. McCroskey, Houston; nine grandchildren, and a brother, J. J. McLendon, Liverpool.

Sutherland-McCammon Funeral Home was in charge of arrangements.

**LESLIE G. THOMAS  
RESIGNS AS PASTOR  
CHURCH OF CHRIST**

Leslie G. Thomas, minister of the Fifth Avenue Church of Christ for more than four years, announced his resignation at the midweek service last night. The resignation will take effect with the closing of the month. At the same time he announced that he would be succeeded by T. E. Thompson, who recently conducted a series of meetings with the local church. Mr. Thompson is expected to begin his work here the first Sunday in June. He comes from Stephenville. During the time of Mr. Thomas' work here 208 people have been added to the church roll, of which 123 were baptized. The church has cleared its indebtedness on the building, has done extensive repairing and adding of new equipment, and is active in the support of a county evangelist. The retiring minister stated that he has never known the church to fall to meet any financial obligation that was brought to its attention. The resignation did not come as a surprise to the church leaders, since Mr. Thomas had made known to them several months ago his intention to leave this work. He and his wife are now expected to make their future home in Dallas, Texas, where he is to become minister of the Center Avenue Church of Christ on June 1.

The service last night was well attended and resulted in one baptism.

**PROBLEMS**  
Your family will face when they come home from your funeral:  
(1) Bills! Bills! Bills!  
(2) A Minimum Monthly Income.  
(3) Taking care of the children.  
(4) College Bills and College Days.  
(5) An Adjustment Fund.

## Added Features In Blooming Grove Rodeo Friday and Saturday

Calf roping and wild cow milking contests have been added to the program of the Blooming Grove Rodeo to be held on Friday and Saturday nights according to an announcement this week from the sponsors.

The standard events of bronc riding and steer riding will be continued and several other entertainment features have been arranged.

Rodeo fans of the entire county have been invited to attend the show on either or both of the nights.

## HEALTH DEPARTMENT DECLARES SMALLPOX CAN BE PREVENTED

AUSTIN, May 18.—(Sp.)—Case reports reaching the state department of health indicate that smallpox is rapidly forging to the front in the list of preventable communicable diseases over Texas at this time.

"Smallpox epidemics would never occur if everyone, especially children, could be effectively vaccinated," states Dr. Geo. W. Cox, state health officer. "At the present there is an increasing lack of vaccination among school children and this constitutes a menace."

"Modern safeguards have removed every legitimate objection to vaccination. The virus is made from calves and, consequently, is incapable of transmitting human blood diseases. Among some ten million vaccinations performed in the Philippine Islands, there was no loss of life or limb or demonstrable injury to health."

"A primary vaccination with one successful revaccination, as a rule, protect throughout life from the milder forms of smallpox, but this is not true in the severer types of this disease. Therefore, be vaccinated and revaccinated at least every five years, so that you will have the greatest protection possible and the least chance of being sick. Revaccination should also be done after each time you have been near a known case of smallpox. Vaccination is not to be feared but rather sought as the only safe, positively harmless and absolutely certain safeguard against smallpox. See your doctor today and be sure that you are protected."

**Elderly Wortham  
Woman Surprised  
On Mother's Day**

Mrs. M. B. Cantrell, living with her son, Gude Cantrell, near Wortham, was greatly surprised Mother's day when five of her children arrived about the same time. Each one wore a red rose and carried her a beautiful bouquet.

Besides Mrs. Cantrell those present were Mrs. W. H. Miller, Streetman; Mrs. Rosalee Pierce, Mexia; Mrs. Emery Pope, Angus; Gude Cantrell, Mrs. Helen Odell, Teague; Miss Bennie Cantrell, Teague; one daughter-in-law, two sons-in-law, thirteen grand children and two great grand children.

Mrs. Cantrell received several nice presents.—Contributed.

**Corsicana Chapter  
Of Hamilton-Beaman  
Association to Meet**

The Corsicana Chapter of the Hamilton-Beaman Cemetery Association will meet Friday, May 18, at 8:30 p. m., at the home of Mrs. W. T. McKee, with Mrs. Magness as co-hostess. All members are urged to be present.

**DIETING**  
SHOULD BE DONE UNDER  
THE ADVICE OF YOUR DOCTOR

If you are overweight you are probably eating too much. You are daily putting into your stomach more food than the system needs to keep a proper balance. There are two ways to prevent, stop or reduce this overweight and they are -- reduce the amount of food or increase the amount of exercise.

Overweight taxes the arteries, because they have to carry away the excess poison from the fat tissues, and from the over-burdened digestive tract of the average fat person, as well as perform their normal duties.

Overweight also taxes the arteries by making them work "overtime" carrying off excess poisons and wearing them out before their time. Overweight works the heart "overtime" in the same way, because it must meet the burden of pumping blood to all this useless and superfluous tissue.

Dieting to get thin demands scientific judgment. Violent exercise can be injurious; medicines strong enough to remove fat are strong enough to produce dangerous changes in the bodily functions, and often permanently undermine health.

If you are overweight, talk it over with your doctor - - and then follow his advice.

## TWELVE THOUSAND PUBLIC ENEMIES AT LARGE IN U. S.

J. EDGAR HOOVER, FBI CHIEF  
SAYS THEY ARE COMMIT-  
TING NEW CRIMES

WASHINGTON, May 18.—(AP)—Twelve thousand of the 14,067 "public enemies" in the United States are at large, and J. Edgar Hoover, chief of the Federal Bureau of Investigation, says they are "continually committing new crimes."

About 2,000 of these criminals are in penal institutions, Hoover testified at house hearings on justice department appropriations, made public today.

Hoover displayed charts showing every day there is an average of 2,288 larcenies, 814 burglaries, 816 auto thefts, 162 robberies, 122 aggravated assaults, 20 murders, 23 rape cases and 12 negligent manslaughters.

In the period 1931 to 1938, Hoover said, there have been decreases in murder, negligent manslaughter, aggravated assault, robbery, burglary and a marked decrease in auto theft.

Examination of 127,078 fingerprints of applicants for law enforcement and other public positions throughout the United States in the first nine months of the present fiscal year, Hoover said, disclosed 11,949 of the applicants had police records.

A huge increase in espionage cases has been noted in the last two years at the FBI, which makes all investigation of foreign espionage agents, however declared.

"With our present personnel," Hoover said, "it is not possible to give prompt attention to these cases."

**KING AND QUEEN**

(Continued From Page One)

Even between Quebec and Montreal, a thickly settled district in Canada, forests of birch and pine and rushing, clear streams gave the visitors an idea of the character of Canada.

At 9:45 a. m. (CST) the train reached Three Rivers, historic town in the building of Canada and the exploration of North America.

Important Starting Point From Three Rivers sailed Marquette and Joliet, discoverers of the Mississippi. From here began the expeditions that built the old Hudson Bay company.

Here the King and Queen could have seen the largest number of well-preserved 17th and 18th century buildings to be found north of the Rio Grande, but what they saw mainly during their 17-minute stop was a larger, massed crowd than in Quebec. The whole city and country turned out, packing the town.

The king and queen appeared as soon as the train came to a halt. They were accompanied by Prime Minister W. L. Mackenzie King, who presented Acheson Pitt, Mayor of Three Rivers.

Then their majesties mounted a carriage and drove to a hall. They were accompanied by Prime Minister W. L. Mackenzie King, who presented Acheson Pitt, Mayor of Three Rivers.

## DISCUSS COST OF IMPROVEMENTS FOR SOFT BALL FIELD

The executive committee of the YMCA soft ball association met Wednesday at the YMCA and discussed specification, cost, etc., for the soft ball field. E. M. Montgomery, chairman, presided.

The committee found that funds on hand were short approximately \$200. The committee authorized a meeting to be held Monday at 8 p. m., at the YMCA of all soft ball team managers and sponsors to discuss means of securing additional funds.

J. D. Richardson, A. A. U. soft ball commissioner, will meet with this group to discuss plans for the coming season.

**Additional Quarter**

**Inch Rain Wednesday**

An additional 28 of an inch of rain fell Wednesday morning after the government gauge was read at 7 o'clock, bringing the grand total for the week to 1.88 inches.

soil—on a secret siding in the country. A morning run Friday will bring the train to Ottawa, the capital by 9 a. m. (C. S. T.).

Quebec saw him in resplendent uniform, in formal morning attire and in full dress; his queen in symphonies of gray with a wealth of jewels.

Citizens remarked that his manner was modest, that he was devoted to duty, unassuming. They heard him speak carefully in English, then in French, reading the prepared lines which had the approval of the British and Canadian governments—because they were spoken not only to the gathering of notables in a Quebec chateau but to the world at large.

Quebec's welcome appeared to be as genuine as was their majesties' pleasure at being in Canada. Messages of good will poured in so heavily on the royal staff an announcement was made that the king and queen were "deeply touched."

Some of the messages were from the United States.

The greatest night crowds in Quebec history cheered the royal couple and fireworks lighted the way as they drove from a dinner by the Quebec government at the Chateau Frontenac.

King George was in evening dress, adorned by his decorations. Queen Elizabeth was in a pompadour crinoline gown of pale rose satin with copper and pink star sequins.

No untoward incident of any kind interrupted the program yesterday.

From the old citadel on the rock—governor General Lord Tweedsmuir's summer residence—the king and queen upon awakening this morning could see Quebec harbor, a seaport 1,000 miles from the sea, and the blue low mountains of the Laurentides, minelures of the Rockies awaiting them in the west.

At the citadel the king lives in spirit always through his resident viceroy, but last night was the only night a monarch ever slept within its walls.

**LEGISLATURE**

(Continued From Page One)

troller's department. All were rejected.

A move to cut salaries of two of Governor W. Lee O'Daniel's secretaries \$50 a month was killed, 88 to 81.

**Legislature Pushes Forward Slowly**

AUSTIN, May 18.—(AP)—The legislature pushed forward slowly but surely today, clearing its decks for renewal of the pension financing battle which now looms as the financial session.

Following action at the departmental appropriations bill the house yesterday made further progress on the last of the big money measures.

Amendment was consumed in the senate on the road bond assumption bill.

After four months of trying to find a highway commission chairman to the liking of the senate, Gov. W. Lee O'Daniel finally saw his fourth choice for the post, Brady P. Gentry of Tyler, confirmed.

The economy advocates suffered a \$90,000 check in the house when that much was added to the annual appropriations for state departments. However, they gained about an even break for proposed increases were far more than that amount.

Only appropriations for three departments were considered, the board of education, department of education and comptroller's department. Remaining to be considered were the highway department, which presaged at least another full day on the bill.

Increases Approved.

Increases approved yesterday included:

State Superintendent of Schools L. A. Woods' salary from \$4,500 to \$5,000.

Director of School Census John Olsen's salary from \$3,000 to \$3,800.

A \$5,950 check in the house for the gasoline tax collection division of the comptroller's department and \$22,950 for the cigarette tax collection division.

The house authorized a full-time officer to advise the board of education on bond purchases for the permanent school fund but slashed the proposed salary from \$4,800 to \$4,000. A \$9,353 increase in allocations to the vocational education and crippled children's divisions of the department of education was voted.

Only one of many proposed salary increases for employees of the comptroller's department was approved, that of director of the gasoline tax collection division from \$3,240 to \$4,500.

**Substitute Adopted.**

The senate adopted a substitute for the house-approved road bond bill which distributes money in the county and district road bond indebtedness found. By Senator Clint Small of Amarillo, it brings payments on the debt of locally built lateral roads taken into the state highway system up to Jan. 1, 1939.

The house proposal required state payment of bonded debt on local roads which became part of the state network prior to Jan. 1, 1939.

Gentry's confirmation to the highway post had been forecast since shortly after his name was presented by the governor last week. He is a former county judge of Smith county and long has been active in highway matters. He succeeds John Wood of Timpson, a Ferguson appointee, whose six-year term expired Feb. 15.

O'Daniel had no comment to make on confirmation. Two other appointees, Carr P. Collins of Dallas and J. M. West, Sr., of Houston were rejected by the senate, while J. C. Hunter of Abilene was withdrawn when opposition developed in the senate.

The position will pay Gentry \$4,000 per year. He succeeds Robert Lee Bobbitt of Laredo as chairman although Bobbitt continues as a commission member. The governor has the power to appoint a chairman.

**Pension Question.**

Only briefly did the legislature take cognizance of the pension question and that was when the house overwhelmingly approved a conference committee bill estimated to increase pension rolls from 60,000 to 100,000.

The proposal must pass the senate and be signed by the governor. Major change from the present law, through which some 115,000 pensioners receive about \$9,000,000 annually from the state and as much more from the federal government, was that section dealing with children's ability to aid parents. Now taken into consideration in determining an applicant's eligibility it was stricken from the conference report.

Under the bill an applicant may own a homestead, have up to \$350 cash, \$1,000 in life insurance with accumulated loan values, \$1,000 personal property if single and \$1,500 if married.

**Keathley Family In Reunion Sunday At Corsicana City Park**

Sixty gathered for the Keathley family reunion in Corsicana, Sunday, May 14, at the city park, and the first Sunday in June has been set aside for such an affair each year. Those attending Sunday, May 14, were:

Mr. and Mrs. H. J. Keathley and children, Jo, John and Alice of Frost; Mr. and Mrs. M. Keathley and family, Kenneth and Thula of Dallas; Mr. and Mrs. F. M. Keathley of Glendale, Cal.; Mr. and Mrs. G. H. Keathley and son, Jerry, of Laredo; N. H. Keathley of Dallas; Mr. and Mrs. M. F. Keathley of Corsicana; Mr. and Mrs. H. S. Keathley of Frost; Mr. and Mrs. M. S. Keathley of Mexico; Mr. and Mrs. F. E. Burline and daughter, Edna Eas, of Dallas; Mrs. A. A. Cawthon and daughter, Janis Marie, of Dallas; Mr. and Mrs. C. A. Mason of Brandon.

Mrs. Walter Batton, Jr., and son, Charles Don, of Irene; Mr. and Mrs. Merrell Johnson of Irene; Mr. and Mrs. Joe Worsham and children, Madgelee and Jo Don, of Barry; Mr. and Mrs. Claude Wilson and family, Melvyn and Wynne, of Milford; Mrs. Cleo Knotts and son, Randle, of Corsicana; Mr. and Mrs. Keathley Burdine of Dallas; Mr. and Mrs. L. W. Keathley of Corsicana; Mr. and Mrs. W. R. Keathley of Corsicana; Mr. and Mrs. Thomas Keathley and daughters, Gelone and Gloria, of Corsicana; Mr. and Mrs. Buell Hensley of Vaco; Mrs. Della Keathley of Corsicana; Mrs. Chas. Craven of Corsicana; Mr. and Mrs. C. E. Keathley of Corsicana; Mr. and Mrs. H. W. Keathley and son, Frank, of Corsicana.

## HEALTH, BEAUTY AND POISE

HOW TO IMPROVE YOUR PERSONALITY  
By VERONICA DENGEL

## AVOID FACIAL BLEMISHES.

I had a nice letter from M. A. today—who, incidentally, is one of the nicest penman I have seen for some time. I do wish I knew something about how to read handwriting, because it would be interesting to analyze her letter. I should say that she was "neat as a pin," quite exact in her way of doing things—thorough and with no wasted effort. M. A. would you write me again and tell me whether this is so?

But to get back to her letter, she writes: Recently I noticed at a friend's home a clipping from your column which told how to increase weight. There was no date on the slip so I don't know how long ago the article appeared. I am very much interested in putting on weight and should appreciate getting the information.

Also, can you suggest anything which would hasten the disappearance of pimple scars? I had several pimples around my mouth due to blackheads, and the pimples have apparently healed a long time ago, the tiny red marks remain.

Dear M. A. I would suggest that you watch for Tuesday's column where you will find weight-gaining helps. Frequently the same underlying cause—an accumulation of toxic, or acid, wastes in the system, will cause one person to

become considerably overweight, and another to remain too thin. It depends on how the system reacts to the unfortunate habits which are to blame. By correcting the cause, you correct the effect—and of course the diet plays a large part in this procedure.

As for the little scars left by the blackheads, I'm afraid you were pretty rough in removing these, or you would not have the scars! However, the best method of trying to clear these up is to stimulate the circulation with a warm and cold water applied alternately, and to massage with a rotary motion with a rich nourishing oil. Blackheads should never be squeezed so that a mark is made because this is really a bruise under the skin which usually takes a long time to heal—and if the tiny blood vessels are injured the scar is sometimes permanent. So whenever there is a blackhead, apply mixture of Epsom Salts and warm water to open the pores and then press gently. If it doesn't come out, wait a day or two and apply the warm water solution again.

## MINOR ADVANCE IN STOCKS HALTED BY MODERATE SELLING

### EARLY TRADING SAW LEADERS RISE BUT LATER PROFIT TAKING APPEARS

NEW YORK, May 18.—(P)—A minor advance in stocks was halted by moderate selling today, turning the trend into uneven channels.

Forenoon dealings saw leaders rise from fractions to two points in slow trading. Late in the fourth hour, however, brokers received selling instructions, apparently from traders who were collecting profits of the earlier advance.

Steel shares were the first to feel the effects of the late selling. U. S. Steel Preferred sold at a new 1939 low as the common clung to a slight advance. Later, however, the common slipped. Bethlehem and Youngstown followed "big steel's" lead for fractional losses.

Accumulating the steel shares was based, at least in part, on the knowledge automobile manufacturers last week bought much of their steel supplies for this year's production at prices below the official price. Thus, they said, was removed much of the hope that the early production of 1940 models would serve to bolster steel operations.

Treasury Bonds rose to new peaks in continuation of their recent trend, while corporate issues generally advanced slightly. Telephone, Sears Roebuck, International Harvester, Caterpillar Tractor and Eastman Kodak. Commodities were irregular.

## E. K. FAWCETT OF DEL RIO ELECTED CHAMBER PRESIDENT

WEST TEXAS C. C. DIRECTORS FAVOR TRUCK LOAD LIMIT INCREASE

By DAVE CHEAVENS  
ABILENE, May 17.—(P)—Booted and bearded E. K. Fawcett of Del Rio, who drove a flock of 5,000 sheep into far West Texas in 1883, today was elected president of the West Texas Chamber of Commerce to succeed H. S. Hillburn, Plainview publisher.

Eliz Spring was chosen for the 1940 meeting place. The directors passed a resolution suggesting the truck load limit in Texas be raised from 7,000 to 12,000 pounds, after heated argument.

Fawcett, 73, is a native of Mississippi. He first moved to Yorktown, Texas, then followed the growing sheep business to Val Verde county on the Mexican border. His elevation from the first vice-presidency of the regional chamber of commerce was unanimous.

Other officers elected at the annual directors' breakfast were: A. P. Ashford of San Angelo, first vice president in charge of activities; J. S. Bridwell of Wichita Falls, second vice president; M. M. Meek, of Abilene, treasurer; D. A. Bandeen of Abilene, general manager.

Directors shouted approval of a resolution condemning government purchase of foreign supplies, particularly in reference to Argentine canned corned beef.

Wheeler county was announced as winner of the convention's soil and water utilization contest. Val Verde county was second and Fisher county third. Honorable mentions went to Cherokee, Pecos, Floyd and Reagan counties.

The resolution on truck load limits was the only question before the convention which struck the fire of opposition. In another form it had been tented previously and it ran into trouble in the work committee. The resolution was adopted set forth "since 44 other states have laws permitting truck load limits far in excess of the 7,000 pounds permitted by Texas law, we declare ourselves for a law permitting an increased truck load limit to at least 12,000 pounds, and providing for tax and safety regulations commensurate with those imposed upon other forms of transportation."

Jack Terrell of Monahan, a far west Texas town that has grown in population from 120 in 1920 to more than 6,000 today, won first prize in Texas "My Home Town" public speaking contest. He is the only native graduate of Monahan's high school.

Second prize went to Miss Maydelle Keithly of Mineral Wells, and third to Monglee Modgling of Quanah.

**Sweetwater Girl Is New Miss West Texas**  
ABILENE, May 17.—(P)—A ten-year-old girl, named Dorothy, who set her apart from scores of competing pretty girls as Miss West Texas of 1939.

The Sweetwater red-head, a freshman in University of Texas, succeeded Miss Barbara Crissey of Burk Burnett, winning over a field of 32 ranch and city belles. The cowboy hat was her official crown.

Delegates to the West Texas Chamber of Commerce's twenty-first annual convention were in a gay mood, happy over abundant rainfall in much of the territory that needy it badly, as they entered the final day of the session. A four-mile long parade of West Texas conservation and industrial development followed several strictly-business sessions, and the night was devoted to the revue and two dances.

## TEXAS POSTAL OFFICIALS KILLED

Secrecy surrounded circumstances of the fatal shooting of Corpus Christi postmaster, Gilbert McGloin, (left), and his assistant, A. E. Dittmer, (right) in McGloin's office Saturday. A postal inspector who investigated the shooting refused comment. Washington officials said it might be weeks before the inspector reported his findings. McGloin, shot in the back of the head, died two and a half hours later. Dittmer, shot in the temple, died almost instantly. (Associated Press Photo)

## HOUSE TAKES STEPS PROTECT TEXAS BIG PUBLIC SCHOOL FUND

AUSTIN, May 17.—(P)—A step to protect Texas' huge public school fund was taken by the House of Representatives today.

Reconsidering a previous action, it approved employment of an officer who would devote all his time to checking on investments for the fund and make recommendations to the state board of education regarding purchases of securities.

The house was working on the bill making appropriations for state departments during the next biennium, a measure expected to total at least \$20,000,000 for the two-year period.

The appropriations committee had recommended employing an investment officer at a salary of \$4,000 a year and yesterday the house knocked the recommendation out of the bill.

Rep. Alfred E. Patsch of Fredericksburg told the house approximately \$7,000,000 of public school fund investments were in default and attributed the situation to the fact the board of education is a "part time" administrative agency and the government and no full-time expert keeps up with the securities.

An amendment by Patsch and Rep. Leighton Cornett of Clarksville requiring all recommendations of the investment officer be made in writing and put into the record of the board of education was adopted.

**Universal Hunting, Fishing License Dead**  
AUSTIN, May 17.—(P)—Proposed legislation to require every one who fishes or hunts to buy a license apparently is dead for two more years.

Lt. Gov. Coke Stevenson voted off a tie to bring about senate passage of a bill prescribing universal hunting and fishing licenses. The house game and fish committee rejected it two days ago, however, and there was no chance of its enactment unless the house should override its committee.

The house group adopted a substitute bill which makes only one material change in charges on Texas hunters or fishers. It boosts the annual license fee on hunters of deer, turkey and other big game from \$2 to \$3. The charge on hunters from outside the state is cut from \$25 to \$10 in the hope the lower cost will increase revenues.

Many Local Bills.  
More than 50 local game or fish bills have been passed and signed by Governor W. Lee O'Daniel. These generally apply

## GOVERNOR SIGNED MEASURE CREATING LOCAL FOUNDATION

NAVARRO FIRST COUNTY IN STATE WHERE SUCH ORGANIZATION FORMED

AUSTIN, May 17.—(Spl.)—Governor W. Lee O'Daniel on Tuesday signed House Bill No. 937 by Representatives James E. Taylor, and Doyle Peverhouse of Navarro county, creating the Navarro Community Foundation, of which the late Frank Neal Drane was the initial patron-donor. A law creating this foundation passed the house of representatives at the forty-fifth session of the legislature, but failed to pass the senate.

The act sets out the activities and purposes of the Foundation, which are to foster religion, education, relief of human suffering, public civic betterment, relief of the worthy poor, through organization of agencies, and the aid of scientific endeavor for the betterment of mankind.

The following managing trustees are named by the act: B. Lynn Davis, Charles Lee Jester, Arthur C. Elliott, Thomas L. Johnson, R. Lee Hamilton, Earl H. Newton, Sydney Marks, R. Lloyd Wheeler, J. Odie Burke, Ralph W. Stell, Ben F. Blackmon, Will T. McLean, and Thomas L. Johnson.

The trustees shall make provision for an honor roll, upon which they may, from time to time, inscribe the names of outstanding citizens, men or women, of Navarro county, either living or who have passed away, whose honorable and well-spent lives have been worthy examples and a blessing to the community in which they live.

The honor roll shall be composed only of those whose names have been selected by unanimous ballot at a meeting of the managing trustees of the Foundation.

The Foundation is authorized to receive from donors by will, gift, or otherwise, any funds or property that may be entrusted to it for the aid of any one or more of the public charitable activities enumerated in the purposes set out in this charter.

The Foundation shall not foster any form of philosophy, political, social or religious, by propaganda or otherwise, nor shall any part of its activities be directed toward the influencing of legislation, nor shall the Foundation or its properties be operated and

## GOVERNMENT LOANS HELD BE OUTLAWED RESULT LIMITATION

FEDERAL JUDGE DAVIDSON RULES IN FAVOR DEFENDANTS IN COTTON SUITS

DALLAS, May 16.—(P)—Federal Judge T. Whitfield Davidson ruled the government acted in a commercial sense rather than in its sovereign capacity and that the statute of limitations applied in several suits the government brought against cotton ginners and buyers over cotton loans. The decision, handed down at Lubbock and released here yesterday, covered the cases against W. T. Thomas; Fred C. Kelly; Homer R. Stephens; Will Christian; Israel R. L. Lackey; James A. Lackey; Lenville H. Fitzgerald, and others in each case.

The farm credit administration made loans to farmers in the Lubbock division in 1936, taking notes and crop mortgages. Farmers applied proceeds of the cotton on mortgages, but some took out harvesting and other expenses, asserting they were given permission by FCA agents.

Three years later the government charged conversion of the cotton and sued for judgments of its value.

Defendants claimed the debts were barred by the limitations statute because the FCA acted in a commercial sense and that using part of the proceeds for necessary purposes did not represent a proper conversion charge.

The ginners contended that since the FCA administrator permitted sale of the cotton to them he was stopped from maintaining any action for conversion.

The government contended the statute of limitations did not apply because the government acted in its sovereign capacity nor had any agent of the government authority to waive any debt or lien by which it is to be secured.

used in commercial ventures. Navarro county will be the first county in the State of Texas where such a Foundation has been formed, and operates, and its activities will accomplish much toward the betterment of Navarro county in a cultural way, and toward the alleviation of suffering among those in need, according to Rep. Taylor, who sponsored the bill through the legislature, with the assistance of Rep. Peverhouse. Senator Clay Cotten of Palestine piloted the measure through the upper house.

## PRESIDENT GIVEN CONFLICTING ADVICE ON FATE FARM BILL

WHETHER TO SIGN OR VETO RECORD AGRICULTURE MEASURE DISCUSSED

WASHINGTON, May 17.—(P)—Members of President Roosevelt's official family were reported on Capitol Hill today to be offering him conflicting advice on whether to sign or veto the \$1,218,000,000 agriculture department bill. The president's preliminary discussions of the record-breaking appropriation measure, it was said authoritatively, have been based on the possibility the house will accept most of the \$363,000,000 added by the senate.

Among other unbudgeted items, the senate wrote in \$225,000,000 for parity payments designed to raise grass with a request that it either hold to the budget estimates or raise additional revenue to finance the senate-approved benefits.

Garner, long an economy advocate, was described as believing farm aid was imperative but that congress could do a better job of legislating if Mr. Roosevelt vetoed the pending measure. The vice president has said nothing publicly about farm or any other legislation this year.

The president told reporters yesterday there had been no discussion of new taxes to finance farm payments in his talk with congressional and treasury tax authorities Monday. He has argued previously that the senate additions made new levies necessary.

Some members of the senate finance committee said there was little chance the senate would approve extra taxes for farm benefits. They argued if taxes were to be raised for these expenditures, new levies also should be imposed to reduce the federal deficit resulting from other activities.

## POWERFUL SENATE BLOC THREATENS TO WRITE TAX PROGRAM

IF PRESIDENT FAILS ORDER BUSINESS TAX REVISION WILL ACT ITSELF

WASHINGTON, May 16.—(P)—A powerful senate bloc, led by Chairman Harrison, (D-Miss) of the finance committee, expressed determination today to write a new business tax program of its own unless President Roosevelt orders thorough revision of present levies. Harrison, it was learned, told the President of this intention at a White House conference last night.

The administration's final attitude, however, probably will not be made known until legislative leaders hold further meetings with Mr. Roosevelt, while making no commitment, was loath to express approval of either.

Doughton (D-NC) of the house ways and means committee, Rep. Cooper (D-Tenn), Secretary Morgenthau and Undersecretary Hanes of the treasury.

Doughton said no conclusions were reached during the discussion, which produced much difference of opinion. Harrison and his associates contended repeal of the undistributed profits tax, creation of a flat corporation tax or about 10 per cent, more liberal allowances for corporation losses, and continued favored treatment for small firms are necessary to stimulate business improvement.

This program closely resembles one formulated some time ago by treasury experts and understood to have Morgenthau's support. The treasury plan provides repeal of the undistributed profits and capital stock taxes and enactment of a flat corporation levy of 22 per cent. Harrison would not repeal the capital stock tax.

Both these plans were discussed at yesterday's conference, but since both call for repeal of at least one tax previously enacted on his recommendation, it was understood Mr. Roosevelt, while making no commitment, was loath to express approval of either.

## Gift Suggestions for the Girl Graduate

For sport enthusiasts

### PERFUME NOVELTIES

\$1 each

The Floral Jockeys are five bottles of lovely perfume contained in just one The Golf Bag contains three vials of fragrant perfume.

Delightfully gay

### PUFF PACKAGES

So attractively packed and chuck full of the delectable puffs, tissues and dabs! Colorfully decorated with gay designs, and colorful ribbons.

Large size containers 50c  
Smaller size 25c

### SACHET and BATH OIL

for Spring daintiness

Put these exquisitely perfumed Sachet Boules in your drawers and closets. A few drops of the Bath Oil will make your bath a delight.

Large Boules . \$1  
Set of 4 Boules 50c

### "Soap-on-a-Rope" NOVELTIES

No more searching for the soap in the bath or shower! These fine soaps come with a long rope that hangs around your neck, or short one to hang from your wrist! In lovely scents and colors.

Large bath swirl with a long rope 50c  
Set of two with wristlets 50c
